JOFFRE'S MEN FOUND MANY DEAD GERMANS

Reoccupied Trenches in the
Vosges After Inflicting
Heavy Losses

MINES AND BOMBS USED ON FRONT IN ARGONNE

French Artillery Active at
Many Points, Says Offi-
cial Report

Paris, Aug. 20.—The war office this
afternoon gave out the following
statement on the progress of hostil-
ties:

"There has been continued activity
on the part of our artillery along the
banks of the Oise, to the north of the
Aisne, in the Champagne district and
along the front of the Selle.

"In the Argonne there has been fight-
ing with mines in the region of Vienna
le Chateau and fighting at close range
with bombs and hand grenades in the
sector of St. Hubert and near Marie
Therese.

"On the heights of the Linde and of
Schrammelle, the German losses
have been heavy. We found a large
number of dead German soldiers in the
trenches 250 yards long which we re-
occupied."

Paris, Aug. 20.—The following official
statement was issued last evening:

"The artillery fighting continues in-
tense on the greater part of the front,
particularly on both banks of the Oise
and in the region of Plessis de Roye
and at Vigne, where we hit an enemy
train and, consequently, and also in the
Champagne district and in the south-
ern Vosges."

"In the Argonne forest the Germans
near Tint 283, exploded a mine which
did not disturb our works."
"In the Vosges the enemy confined
himself to a violent cannonading of the
positions in the Linde and of Schram-
melle."

"During the action yesterday which
enabled us to realize in Artois a very
appreciable gain, we took prisoners and
captured five machine guns."

NO WARNING GIVEN BY GERMAN PIKATES

About 400 of the 423 Persons
on the Arabic Ac-
counted For

Washington, Aug. 20.—The only offi-
cial dispatch on the Arabic received
to-day was from Ambassador Page at
London. It said his information,
based on reports of the White Star
line, was that the ship was torpedoed
without warning. It made no mention
of the two Americans still unaccounted
for.

London, Aug. 20.—The best informa-
tion now available indicates that a
score or more persons lost their lives
in the sinking of the White Star liner
Arabic by a German submarine yester-
day morning off the south coast of
Ireland.

Dr. Wood of Jonesville, Wis., and
Mrs. Josephine S. Bruguiere, an Ameri-
can who had lived in Europe for some
years, are missing.

The White Star line announced this
morning that all but eight of the pas-
sengers had been landed at Queens-
town. Four of these were said to be
Americans. According to information
available, called to Washington, by
Lewis C. Thompson, American consul
at Queenstown, however, Dr. Wood
and Mrs. Bruguiere are the only miss-
ing Americans. The other two—James
Houlahan, of Philadelphia, and Thos.
Elmore, of New York—were reported
by Mr. Thompson to have been saved.

In all about 400 of the 423 persons on
board the Arabic have been accounted
for. The fate of others still is in doubt,
but as the hours lengthen since the
Arabic met with swift destruction,
hopes that others may have been saved
are fading.

Capt. William Finch, of the Arabic,
gave testimony as to the heroism of
his engineers and firemen, several of
whom remained at their posts and
probably sacrificed their lives to ensure
the safety of passengers. Other sur-
vivors said that the torpedo which rent
the Arabic's hull killed outright sev-
eral men in the boiler rooms. The tor-
pedo struck on the starboard side about
one hundred feet from the stern.

In Queenstown everything possible
was done today to assist the survi-
vors, many of whom were without
clothes or money. A number of the
survivors are suffering from minor in-
juries but so far as is known no one is
in a serious condition.

With the main facts of the disaster
established, the British public turned
attention to the possible effect on the
relations between the United States
and Germany.

CLAIM THEY HOLD NOVO GEORGIEVSK

Germans Say They Are in Pos-
session of the
Fortress

ALLEGED THEY TOOK MORE THAN 20,000

Expected That Italy Soon Will
Take Action Against
Turkey

Berlin, Aug. 20.—Official announce-
ment was made here to-day of the
capture of the Russian fortress of Novo
Georgievsk, with more than 20,000 men.

The capture of Novo Georgievsk had
been foreseen since the fall of War-
saw. When the general Russian retreat
was made from the Warsaw salient,
Grand Duke Nicholas, the Russian
commander-in-chief, elected to leave
a garrison in the fortress rather than
evacuate this position, as it was recog-
nized that the only question was
how long the defenders would be able
to hold out.

The grand duke's decision appar-
ently was due to the strategic position
of the fortress. So long as the Rus-
sians retained it they were able to
stop communication on the Vistula
river. Novo Georgievsk is 19 miles
northwest of Warsaw and is situated
at the junction of the Vistula and
Wkra rivers. On account of its posi-
tion it was described by an Associated
Press correspondent, who visited it
yesterday, as a second Vicksburg.

For nearly two weeks the fortress
had been completely invested by the
Germans and several of the outlying
forts were captured earlier this week.

Novo Georgievsk was strongly de-
fended and was said to have been
equipped with sufficient ammunition
and food supplies for a long period.

Pieces of the heaviest calibre were
brought up by the Germans for the
attack.

London, Aug. 20.—As the Germans
and Austrians press on to the last
of the outlying fortresses standing be-
tween the Russian capital and the in-
vaders, Petrograd is discussing the
advantages of removing the govern-
ment to its ancient seat at Moscow,
always considered the heart of the na-
tion. Kronshtadt is now definitely in
the hands of the Germans.

The flanking movement of Field-
Marshal von Mackensen grows more
threatening hourly and it would not
be surprising if Grand Duke Nicholas
should abandon all efforts to form a
new line with Brest Litovsk as the
pivot.

From Brest Litovsk to Ossowetz,
which seems to be withstanding the
assaults of the heavy German guns
better than any other fortress, fierce
fighting continues with the advantage
in favor of the invaders.

Riga again has become the centre of
a struggle on land and sea. Petrograd
states the Russian warships protecting
the Gulf of Riga were compelled to
draw in closer, owing to the superior-
ity of the German squadron.

Italy and Turkey appear to be on the
brink of an open rupture. The Italian
people expect war, which would give
their army and navy an opportunity to
co-operate with the allies at the Dar-
danelles.

On the western front the French now
hold the crossroads between Lens and
Arras, which, when in possession of
the Germans, formed a wedge in the
allied lines.

Berlin, Aug. 20.—It was alleged in an
official statement issued to-day that
the left wing of Field Marshal von
Mackensen's army has driven the Rus-
sians behind Kotelakulva, southwest
of Brest Litovsk.

MANITOBA GOVERNMENT OFFERS AN AEROPLANE

Winnipeg, Aug. 20.—The government
of Manitoba has offered a completely
equipped military aeroplane to the
imperial government. If the offer is ac-
cepted the aeroplane will be purchased
and landed in England at the expense
of the province. The cost will be in the
neighborhood of \$10,000.

She left Liverpool Wednesday, 181 pas-
sengers and 242 in her crew. A dis-
patch from Queenstown this morning
said on the authority of Consul
Thompson that there were only
twenty-one American citizens among
the Arabic's passengers. Advice re-
ceived last night placed the number of
Americans on board at 26.

Dr. Wood, one of the Americans un-
accounted for, is a leading Wisconsin
surgeon. He was on his way home af-
ter completing a tour of duty for the
Red Cross with the British hospital
corps in Flanders. Mrs. Bruguiere, a
former marriage was Miss Josephine
I. Sather. Her stepmother, Mrs.
James K. Sather, of San Francisco,
left \$700,000 to the University of Cal-
ifornia. She married the late Emilio A.
Bruguiere.

EIGHT STEAMSHIPS SUNK BY GERMANS

One Norwegian, One Spanish
and Six British Vessels
Sent Down

Glasgow, Aug. 20.—Announcement
was made here to-day that the British
steamship Benrath had been sunk
by a German submarine off the coast
of Scotland. Her crew was safely
landed.

New York, Aug. 20.—Advice received
here to-day bring a report that the
White Star liner Bovic has been tor-
pedoed and sunk by a German sub-
marine. The Bovic has been employed
in the Australian service. She was a
vessel of 9,500 tons.

Queenstown, Aug. 20.—A report was
circulated here to-day that the White
Star liner Lapland had been sunk.
There was no confirmation of this
report and it is considered probable that
the Lapland was confused with the
British steamship New York City, tor-
pedoed yesterday, whose crew was
landed here to-day.

The Lapland, a Red Star liner under
charter to the White Star line, sailed
from New York on August 12 for Liv-
erpool. She is due in Liverpool late
to-day or early to-morrow.

London, Aug. 20.—The Swansea
Leader reports that the British steam-
ship New York City has been sunk by
a German submarine. The crew of the
vessel has been saved.

Queenstown, Aug. 20.—The captain
and crew of 53 of the steamship New
York City were landed here to-day.
This vessel was sunk by a torpedo
from a German submarine yesterday.

London, Aug. 20.—The Spanish
steamship Perla Castillo and the Nor-
wegian steamship Sverresborg have
been sunk by a German submarine.
Three members of the crew of the Cas-
tello were saved. The fate of others
on that craft and of those on the
Sverresborg is unknown.

The Sverresborg was a steamship of
1150 tons register.

PRESIDENT WILSON KEEPING MIND OPEN

Some Points in Connection
With Arabic Washington Of-
ficials Are Considering

Washington, Aug. 20.—The official
details upon which President Wilson
will decide whether the sinking of the
White Star liner Arabic was an act
of "deliberately unfriendly" to the
United States, still were lacking to-day,
and meanwhile the president and all other
administration officials, while realizing
fully the gravity of the new situation
between the United States and Ger-
many, were keeping their minds open.

While officials are doing this during
the hours which will be required for
the assembling of the official evidence,
they are thinking about these points:

Whether any Americans have been
lost and whether the Arabic actually
was torpedoed without warning.

Whether the Arabic, by having been
convoys in beginning her voyage, had,
under international law, partaken of
the character of her convoy and waived
her right as a non-combatant.

Whether by proceeding to the vicinity
of the steamship Dunsley, which
had been torpedoed, just previously,
the Arabic's commander introduced
any qualifying circumstances by vio-
lating the rule of the British admiralty
which forbids a ship to risk itself by
attempting to assist another which
has been torpedoed.

A view prevailed that an attempt by
the Arabic to succor those on another
torpedoed ship was justified, and was
not affected by the British admiralty's
rule, which was made as a matter of
policy for warships; and was not a
matter of international right. Whether
the Arabic's movement toward the
Dunsley might be interpreted as an
attempt to ram the submarine, is
another point to be developed.

Secretary Lansing refused to discuss
these points in detail, but he said that
there is no attempt in official
quarters to minimize the situation con-
fronting the president if investigation
develops a violation of American
rights in defiance of the last note to
Germany, which gave notice in final
terms that another sinking like that
of the Lusitania would be considered
an act "deliberately unfriendly."

The prospect of severance of diplo-
matic relations with Germany again
came forward, but it was understood
that if such course should be decided
upon it would not be announced im-
mediately.

London, Aug. 20.—Official announce-
ment was made to-day that a British
submarine had grounded off the coast
of Denmark. Fifteen members of the
crew were saved.

BELIEVE RELATIONS WILL BE BROKEN OFF

Observers in London Think
Wilson Can Not Overlook
Huns' Latest Crime

INTEREST CENTRES IN BALKAN STATES

Expected Next Great Develop-
ment Will Be Downfall
of Turkey

London, Aug. 20.—Will the United
States sever relations with Germany,
regarding the torpedoing of the Arabic
as a "deliberately unfriendly" act?

What effect will the capture of Novo
Georgievsk have on the Germanic in-
vasion of Russia?

Are the Balkans at last going to
strike for the entente nations?

These three questions had London
buzzing with conjecture to-day. The
interest was intense among the general
public in the details of the sinking of
the Arabic and the apparent certainty
that at least one American citizen had
gone down to death when a German
torpedo struck the White Star liner.
Officials were guarded in the expres-
sion of opinions as the course to be
taken by the United States, but in
many quarters close to Downing street
the opinion was general that at least
the stand of President Wilson had been
flouted so plainly by Germany that a
continuance of friendly relations was
impossible.

In every club in London the situa-
tion was discussed with the most in-
tense interest. It was recognized that
no word could be expected from Wash-
ington until the American president
had been informed officially of the cir-
cumstances of the sinking of the
Arabic by his own representatives,
but the facts that the Arabic was west-
ward bound, that she had no contra-
band of war aboard and that no warn-
ing was given led to the belief that
Germany would find it impossible to
explain satisfactorily the action of her
submarine.

While the general public was in-
terested most in the sinking of the
Arabic, the loss of the ship was eclipsed
by the indications that the Balkan
states at last have agreed to enter the
war on the side of the allies.

Bulgaria has been understood to be
the pivotal state in the Balkan tangle
and news that Czar Ferdinand has
named General Joffe as his new min-
ister of war was taken here as cer-
tain indication that the Bulgarian
armies soon will be aiding in the at-
tack on Turkey, probably striking at
the heart of the empire via the Tchata-
lia lines.

Roumania's declaration of intentions,
promised for to-day, was awaited
eagerly by officials. It was believed
certain that it would be a straight-out
announcement of alliance with the en-
tente powers. Added to all this were
dispatches from Rome declaring that
Italy, Greece and Serbia had come to
a definite agreement as to their
spheres of influence along the eastern
shore of the Adriatic. It was stated
that Greece and Serbia would
divide Albania, with Italy retaining
Alyona. This city has been the crucial
point of the situation for Italy. It lies
directly across the Adriatic from
Brindisi and Otranto and its posses-
sion would guarantee Italy's safety in
the Adriatic even if Albania proper
should be held by a hostile power.

In this connection reports that Italy
had warned five army corps concen-
trated near Brindisi and her fleet at
Taranto to be prepared to move to an
unspecified destination, were taken by
London as an indication that when
the Balkan states took the field, such
a force would be rushed against
Turkey from Bulgaria, Roumania,
Greece and Italy as speedily would
smash the Turks' resistance and thus
bring to naught the advance of the
Germanic allies into Russia.

This expectation in London created
confidence that was not shaken by the
claim made by the Germans that they
had captured Novo Georgievsk.

It was pointed out as an indication
that Grand Duke Nicholas has repeat-
ed his tactics of the earlier fighting in
Poland, that he has sacrificed a small
garrison at Novo Georgievsk to cover
the further withdrawal of his main
armies. Even though 20,000 were cap-
tured, as the Germans claim, the loss
was declared to be trivial to the Rus-
sians as the safety of the hosts of men
in Nicholas' main armies was assured.

In this connection suggestions that the
Russian retreat was arranged delib-
erately to draw the Germans away from
any possibility of succeeding the Turks
when the great smash at the Dardan-
elles for Constantinople came, again
were general. It was believed in many
quarters that this was the explanation
of the lack of activity on the part of
the British on the western front and
that no serious offensive had been
begun, for the reason that it was not
desired to draw too great forces of
Germans out of Russia until after the
hour when the Balkan armies, Italy
and the French and British forces at
the Dardanelles would make their su-

BULGARIA TO JOIN THE ALLIES AT ONCE

Will Move Against Turkey,
Says Sofia Correspondent
of Rome Paper

IS TO RECEIVE PART OF MACEDONIA SHE DESIRES

Gen. Fitchett Has Resigned;
Gen. Jecoff is War Min-
ister Now

Rome, Aug. 20.—The Entente pow-
ers, according to a positive statement
made by the Sofia correspondent of the
Giornale d'Italia, have offered to
Bulgaria that part of Macedonia given
to her by the Serbo-Bulgarian treaty
of 1913; with the right of immediate
occupation.

Proportionate compensation is to be
given to Serbia, including the city of
Kavala, with the districts of Kavala
and Sere, with the right of immediate
occupation. Bulgaria on her side re-
nounces forever claims to Salonica,
Vodena and Uskub. She promises also
to declare war immediately upon Tur-
key, aided by funds furnished by the
four allies.

Bulgaria, the correspondent declares,
will receive further territorial con-
cessions in Turkey.

London, Aug. 20.—Greece and Serbia
have accepted the Entente powers'
proposals that portions of Macedonia
be ceded and Bulgaria soon will be at
war against Germany, Austria-Hun-
gary and Turkey. These positive
statements were made in dispatches
from Rome received here to-day.

Credence is given to these dispatches be-
cause of the change in the cabinet at
Sofia.

As partial recompense, it is stated,
Serbia and Greece will divide Albania
and Italy will retain Alyona, which
was occupied last year.

Sofia, Aug. 20.—General Fitchett,
Bulgarian minister of war, has re-
signed on account of ill-health. He is
succeeded by General Jecoff.

OVER \$10,000,000 IN SECURITIES ON SHIP

Arabic Was Carrying Them to
New York; List of
Missing

London, Aug. 20.—It is understood
that the Arabic carried between
ten and fifteen million dollars' worth
of American securities for New
York. These all were insured,
and the underwriters at Lloyd's and
the various financial institutions were
busy this morning looking up the de-
tails and arranging claims. One firm
alone had \$1,250,000 worth of securi-
ties on the sunken vessel. It is un-
derstood that some stocks are being
purchased in the United States to
cover these.

New York, Aug. 20.—The White Star
line to-day gave out a list of twenty
Arabic passengers who had not been
accounted for in advices received at
the line's local office.

The last dispatches from London to-
day, received several hours after the
White Star advices, stated that all but
eight of the Arabic's passengers had
been landed at Queenstown.

The list given out by the White Star
line here included the names of James
Houlahan and Thomas Elmore, Ameri-
cans, who, according to state depart-
ment advices received at Washington,
are among the saved. The White Star
list follows: Bruguiere, Mrs. Josephine
L.; Houlahan, James; Wood, Edward
T.; Boullivant, William; English, Miss
Mary; Fitzgerald, Patrick; Semellier,
L.; Melia, Miss Ellen; Mills, Miss
Maria; Noave, Mrs.; Randall, Mrs.;
Tattersall, Mrs.; Miss Irene.

Third-class: Elmore, Thomas; Hor-
mans, Mrs. L.; Harrington, Mary; Mo-
Mahon, Thomas; Raddington, Mary;
Sullivan, Cornelius; Thomas, Florence.

preme effort to put Turkey out of the
war.

This view of the situation was given
color to-day by reports from the French
and Italian battlefronts. Still fighting
was in progress in the Vosges, but it
was not of such intensity as to war-
rant the belief that a general offensive
was imminent. On the Italian fronts
also, there was fighting, but of a
desultory nature. These facts gave
London the belief that the next de-
velopment of the war of a vital or de-
cisive nature might surely be looked
for at the Dardanelles.

TRADE DURING JULY REACHED \$100,000,000

Increase in Exports; Statement Issued by Minister of Customs

Ottawa, Aug. 20.—The total Canadian trade during the month of July reached \$100,000,000, according to the statement issued yesterday by the Hon. J. D. Reid, minister of customs. For the corresponding month of 1914 the total trade was \$93,000,000. The feature of the statement is the large increase in the domestic and foreign exports.

During the month of July domestic exports reached \$45,600,000, and foreign goods exported from Canada \$16,000,000, as compared with \$41,000,000 domestic and \$8,000,000 foreign during the corresponding month of 1914. Eleven million dollars' worth of animals and their produce was exported during July, being a substantial increase over the corresponding month last year. Manufactured goods also showed a good increase, the exports being \$12,500,000, as against \$5,900,000 during July last year. While the exports are booming, there is a decrease in the merchandise entered for consumption.

During July \$36,000,000 worth of goods was imported, made up of \$20,000,000 dutiable and \$16,000,000 free goods. This is a falling off from the corresponding month last year, when the imports amounted to \$42,000,000, made up of \$26,000,000 dutiable and \$16,000,000 free goods. For the four months of the present fiscal year ended July 31, the total Canadian trade was \$271,000,000, as against \$266,000,000 during the corresponding four months of last year. Last July \$12,000,000 worth of coin and bullion was exported.

SACRIFICING MANY AT NOVO GEORGIEVSK

German Dead Lie in Heaps; Strong Enemy Fleet Off Gulf of Riga

Petrograd, Aug. 20.—That German warships again are menacing Riga, the big Russian port on the Baltic, is indicated by the following official communication, issued last night:

"Our warships protecting the entrance to the Gulf of Riga yesterday drew closer in, owing to the great superiority of the enemy's fleet."

"On the whole front from Riga to Janow there has been no important change. At Kovno, the enemy continues to develop vigorously the success he already has attained. He succeeded in occupying the town and, advancing further, has established himself in the adjoining district which forms the isthmus between the Niemen and the Wilia."

"At Ossowetz, during the night of the 17th and in the course of the following day, German attacks on our positions were repulsed by our fire. On the front from Ossowetz to Brest, Litovsk and further south the fighting continues. It has been characterized in certain sectors by extreme tenacity."

"On the Galician front there has been no change."

"At Novo Georgievsk, the enemy is attacking the fortifications on the right bank of the Vistula and on the Narw with increasing vigor. The fighting is of a most determined character. Our wire entanglements are covered with heaps of German dead. Nevertheless, the German artillery, which developed a maximum intensity of fire, succeeded in silencing our guns and demolishing the fortifications in the sector between the Wkra and the Narw, after which our defenders, in spite of all their efforts, were obliged to fall back to the right bank of the river. This enabled the Germans to concentrate their subsequent efforts on the northern sector between the Wkra and the Vistula."

Vienna, Aug. 20.—The following official statement was issued last night: "Austro-German troops under Archduke Joseph Ferdinand and General von Koevsky have forced passages across the Bug north of Janow and Konstantynow. Niemierow and other places on the north bank of the river were stormed and the enemy, who was thrown back, now is being pursued. "The troops investing Brest Litovsk, in whose midst are the divisions of Field-Marshal von Arz, snatched from the enemy some advance field positions. "In East Galicia there is no change."

TURKS WERE PUT TO FLIGHT BY RUSSIANS

Petrograd, Aug. 20.—The following official statement dealing with the operations in the Caucasus was issued yesterday:

"In the direction of Orit our scouts drove Turkish outposts across the Tchokruk."

"In the Passine Valley the Turks kept up a cannonade all day, and in the evening began an advance against our position at Tarkidag. We allowed them to approach within a short distance of our line, when we received them with an intense machine gun fire, and then put them to disorderly flight with a swift bayonet attack."

"In the mountain region of Khoch-mongan all attacks of the Turks were repulsed."

FACE ANOTHER WINTER WITH MISGIVINGS

Masses of Germany and Austria-Hungary Are Sick of War

Rome, Aug. 20.—Two Americans of Austrian origin who have spent four years at a German university and are now on their way home declare that the masses of Germany and Austria-Hungary are sick of the war and that the leaders are ready to consider peace terms.

These two young men, who do not want their names divulged, say that the people of both countries dread another winter campaign, and that the sober minded people regret that Belgium ever was invaded. They are not in favor of the annexation of that kingdom to Germany, but they are determined not to consider the restoration of Alsace-Lorraine to France.

Germany is ready to quit, they say, if Britain will restore her captured colonies to her, each nation sharing in the expenses or paying its own.

Germany is prepared to negotiate peace, they say, upon the following conditions:

"Autonomy for Poland with a king to be selected by the powers."

Italy to have Trent, but not Trieste. The Dardanelles and the Suez canal to be internationalized.

Some extremists, these men add, want Gibraltar to be treated similarly. All Germans agree, they conclude, that irrespective of the terms of peace, defeat or victory is bound to cause a social revolution in Germany based on the predominance of democracy in the country.

ARE LEADING CANADIANS ON THE BATTLE LINE

London, Aug. 20.—Appointments of the following Canadians to temporary lieutenants are confirmed officially:

First Battalion—Lieut. Sheffield (from Army Service Corps), G. C. Gough, L. B. Unwin and E. Irvine.

Third Battalion—W. H. D. Sharpe, W. J. Macnamara, W. L. N. Wedd, G. R. Kidd, E. R. Gordon, J. D. Anglin and A. J. Evans.

Fourth Battalion—F. A. Gates, J. C. Suberland and M. R. Warburton.

Fifth Battalion—J. Anderson, A. C. Mackay, R. E. McDonald and F. Day.

Seventh Battalion (First British Columbia)—Corpl. John McIlree, J. C. Goldhart and A. Wrighton.

Tenth Battalion—T. S. Chatter, H. C. Secombe, G. R. Taltack, D. C. Black.

Thirteenth Battalion—W. A. Dallas.

Fourteenth Battalion—J. H. Thompson.

Sixteenth Battalion—J. H. Wallis, C. B. Allen, R. Osler, J. H. McCoy.

Through an error in the sending of this message over the telegraph wires yesterday it was made to appear in the Times that all the above Canadians, with the exception of the first half dozen, were prisoners of war at Glessen. Far from being prisoners, they are performing duties of increased importance, as they now are leading their comrades against the Germans.

CARING FOR WIVES AND FAMILIES OF SOLDIERS

Paris, Aug. 20.—France has expended \$24,000,000 during the first year of the war in feeding the wives and families of mobilized soldiers and workers thrown out of employment. There are at present three million persons receiving allowances from the state.

In the beginning a great many people entitled to these allowances preferred not to claim them, considering it an easy patriotic sacrifice for them to make, but as the war dragged on and their resources diminished they finally were obliged to avail themselves of state aid.

HEAD-SHIELDS HAVE SAVED MANY LIVES

Paris, Aug. 20.—Pending the manufacture of the new steel helmets for the French army, 700,000 steel head-shields have been sent to the front. This is the only species of armor that the soldiers have been permitted to use, as most of the cuirasses, chest protectors, head protectors, coats-of-mail and bucklers that were offered proved to be almost as dangerous as the enemy's bullets. The head-shield, however, as it is used, was proved recently by statistics to have saved a great many lives.

SQUADRON OF CRUISERS IS READY AT TARANTO

Taranto, Italy, Aug. 20.—A strong squadron of fast cruisers is being held in readiness to steam from here at a moment's notice. It is expected that the warships will be sent against Turkey if that country declines to satisfy Italy's demands for the release of Italian subjects held in the Ottoman Empire.

Brindisi, Italy, Aug. 20.—Five army corps concentrated at Apulia have been ordered to be prepared to leave for an unknown destination.

COMING TO VICTORIA.

Ottawa, Aug. 20.—His Royal Highness the Duke of Connaught expects to make a western trip next month, with a view chiefly of inspecting the military training camps at Seewell, Calgary and Vernon. He expects to visit both Vancouver and Victoria.

GERMAN SOCIALISTS DECLARE THEMSELVES

Protest Against Any Attempt at Annexation; Address Manifesto to Chancellor

Paris, Aug. 20.—A manifesto against annexation of conquered territory by Germany addressed to the German chancellor by committees of the Social Democratic party and the Socialist groups in the Reichstag is published today by L'Humanite. The document points out that the party joined the present struggle with the rest of the German people "to defend national existence and independence," not to make conquests.

"Every infringement, by force," it says, "of the autonomy and independence of peoples contains the germs of future wars and implies in itself a dangerous coalition of enemies against Germany."

COULD NOT TAKE MAIL FROM NORWEGIAN SHIP

Christiania, Aug. 20.—A German submarine stopped the Norwegian mail steamer Irma in Norwegian territorial waters late yesterday, but the timely appearance of a Norwegian torpedo boat on the scene prevented further interference with the mail ship.

IN BRITISH ISLES.

Winnipeg, Aug. 20.—The Free Press Ottawa correspondent says:

"The seriousness of the exchange situation as it affects British-American financial relations is such that it is very probable that Canadian soldiers in the future will receive most of their training in Great Britain. Present indications point to a speedier movement of troops to the old country than has characterized the plans of the militia department in the past."

ACT WAS CRIME OF CYNICAL AUDACITY

What Philadelphia Press Says of Sinking of Liner Arabic

Philadelphia, Aug. 29.—The Press says this morning regarding the Arabic:

"Nothing can excuse the deliberately unfriendly act of imperiling the lives of peaceful American passengers traveling to their own country on legitimate business. The Arabic, on her westward trip, could not be suspected of carrying munitions of war or troops. It looks as if a submarine commander simply saw a fair target for a torpedo, and with brutal lack of humanity, took the risk of repeating the Lusitania horror near the same place."

"In that case this act was a crime of such cynical audacity as to arouse the belief that the submarine commander was fully aware that his act was 'deliberately unfriendly' to this nation, which he intended to flout and outrage."

"In the face of the critical condition thus brought to a sharp focus, cool judgment should prevail among the American people. The government of Washington may be trusted with the utmost confidence to deal vigorously with the grave situation."

ASKED REPORTS BE SENT TO HIS OFFICE

Wilson Made No Comment Yesterday on Arabic; "Deliberately Unfriendly"

Washington, Aug. 29.—President Wilson was in conference with Attorney-General Gregory yesterday when he was advised that the White Star liner Arabic had been sunk by a German submarine. He made no comment.

Administration circles are confident that neither the president nor any of his advisors will discuss the sinking of the Arabic until the administration is in possession of a complete official report of the incident.

None of them, however, attempted to hide their belief that enough was known already to make it certain that a most serious crisis confronts the country with regard to Germany.

President Wilson, after his conference with the attorney-general, abandoned his proposed golf game yesterday afternoon and ordered the department of state to send all reports concerning the Arabic immediately to his private office.

In view of the action of the Germans in sinking the Arabic, the concluding sentence of President Wilson's note to Germany on July 23 was freely quoted. It was:

"Friendship itself prompts us to say to the Imperial German government that a repetition by commanders of German naval vessels of acts in contravention of those rights (the rights of Americans to travel freely on the high seas) must be regarded by the government of the United States, when they affect American citizens, as deliberately unfriendly."

SOUTHEAST MISSOURI BEING SWEEPED TO-DAY

Washington, Aug. 29.—The tropical storm has taken a new lease of life after recurring over east Texas. The weather bureau reported to-day, "It is central now over southwest Missouri, with increased intensity, attended by heavy rains and by local high winds."

"The storm will move northward, attended by rain over the Ohio region and Ohio valley eastward to-night and Saturday. There also will be high winds in the Ohio valley and the lake region, and storm warnings have been ordered for the lower lakes, Lake Huron and south Lake Michigan."

FRANK BURIED.

New York, Aug. 29.—Leo M. Frank, who was lynched at Marietta, Ga., was buried to-day in Mount Carmel cemetery, Brooklyn. Mrs. Lucille Frank, the widow, appeared calm and restrained until the burial service had been concluded. Then she collapsed and was carried to an automobile.

The general was busily inspecting a regiment, the colonel of which was a very bad hummer, and this was well known to his men. The battalion was formed up in quarter column, and as the commanding officer gave the order "Advance in column" the band struck up the regimental march past, with the result that his horse plunged and kicked furiously, and he very nearly got unseated. As the leading company was nearing the saluting base the captain glanced round to see if his men were marching well, and was horrified to see the whole front of two ranks bunched up in the middle and every man watching the commanding officer's efforts to retain his seat. "Ease off, there," he shouted angrily. "No 'ee-min'g," said a young recruit, "but 'ee soon will be!"

"Madam," said the tattered and torn supplicant to the benevolent lady who answered his timid rap at the door, "have you any old clothes you can spare for an unfortunate victim of the European war?" "I think I have, my poor man; but how does this happen? You can not have been in this war surely." "No, madam," humbly replied the sufferer, "but my wife has sent all my clothes to the Belgians."

"OUT SIMPLY AND SOLELY FOR MURDER"

Germany Gave Reply Yesterday to Wilson's Note, Says London Mail

London, Aug. 29.—While all the newspapers join in bitterly condemning the German tactics which led to the sinking of the Arabic, many of them see in the act a political significance which it generally is believed will have a far-reaching effect in the United States.

"The Americans have wondered why no answer has been received yet to the note sent Germany on July 23," the Daily Mail says. "They know now that the reply was given yesterday. With the sinking of the Arabic without warning and with the complete indifference as to whether or not there were any American citizens on board, Germany's determination to persevere in her practical course cannot longer be concealed. She has thrown off the mask completely. She is out simply and solely for murder."

"It is not the fault of the gallant German sailors, on whose chivalry and humanity the late Baron Marschall made the world rely, that the sinking of the Arabic has not been so murderous as the sinking of the Lusitania," the Times says. "This great ship was destroyed with the same ruthlessness and the same reckless contempt for law and human life as the Cunarder."

"According to the advice available, the Arabic was torpedoed without notice and sank in 11 minutes. The escape of the passengers must be attributed to the skill of the captain, the discipline of the crew and the cool courage of the passengers."

"It is to be noted particularly that the Arabic was outboard. That wipes away the whole web of falsehood and sophistry with which Wilhelmstrasse sought to darken the council in its impudent and mendacious reply to the American protest against the sinking of the Lusitania. The gist of the excuse elaborated for that unmanly crime was that the Lusitania was carrying ammunition to England and that it was the explosion of the ammunition which sank her."

"It remains to be seen," says the Morning Telegraph, "what the civilized world will do—particularly the people of the United States, if it be proved that an American citizen has been killed."

IS A CHALLENGE, SAYS PORTLAND OREGONIAN

Portland, Ore., Aug. 29.—The Morning Oregonian says:

"The attack on the Arabic is a challenge, definite and defiant, to President Wilson to follow his words with deeds. It is as well to be incumbent upon the United States to stand by its own interpretation of neutral rights, whatever the cost, or to back out, whatever the cost."

LINER IS OVERDUE; HAS MORE THAN 60 ON BOARD

New Orleans, Aug. 29.—The United Fruit liner Marowijne, overdue from Bertha, British Honduras, since Monday night, has not been heard from to-day. The vessel has aboard thirty-five passengers and a crew estimated at from twenty-five to forty. She was supposed to have been in the Yucatan channel last Saturday during the hurricane.

INDECENTLY INCONSIDERATE.

The refusal of the board of governors of British Columbia university to extend the period of university work in this city for another year in order to enable teachers and students to make arrangements for the change is indecently inconsiderate. The application was a modest one, and the applicants were entitled to expect that it would be granted because the board a few months ago announced that twelve months' notice would be allowed. We know where the pressure that caused the board to swallow its pledge came from and the attempt of the council of public instruction to escape responsibility for the matter, the other day fooled nobody. Trickery and broken promises are the only things we have been taught to expect from that quarter. Admitting that it is desirable to give employment to the highly-salaried president and deans now on the public pay-roll this is no reason for the arbitrary extinction of university work in Victoria. Our local authorities are on record in support of the project of the provincial university; they are ready to discontinue with the course in a year. Why should this meagre consideration be withheld? Let us hope that when the university is started it will not suffer from the direction of a board of governors which places no value on its own promises, a conspicuous characteristic of the source which appointed it.

COMING AROUND.

Although reports from the Balkan capitals should be accepted with reserve, all signs point to a momentous victory by entente diplomacy in that region. A dispatch from Sofia says the differences between the doughty little states have been satisfactorily adjusted on the basis of mutual concession. Bulgaria is to receive that portion of Macedonia awarded to her by the Serbo-Bulgarian treaty of 1912 and renounces her claims to other territory now occupied by Greece and Serbia. She also will receive territorial concessions in Turkey when the Porte is hurried across the Bosphorus. Serbia obtains the districts of Kavala and Serez, now held by Greece, and the latter will have a considerable part of Albania, and probably, although it is not stated, further territorial concessions at the expense of Turkey.

Important cabinet meetings were held in all the Balkan capitals yesterday, and changes in the Bulgarian ministry, including the retirement of General Flicheff, the present minister of war, a strong pro-German, and the succession of General Joffe are particularly significant. A few days ago the Bulgarian government requisitioned all the grain purchased in that country by the central empires. More significant still was the Kaiser's strong personal appeal to the King of Greece, guaranteeing to protect Constantinople against any attack by Bulgaria. The Kaiser never would have sent such a message if he did not regard the Bulgarian situation as hopeless.

Although Teutonic influence has been notoriously strong among the ruling classes of the Balkan states, the masses of the people are sympathetic with the allies. To obtain their political independence from Turkey they fought for centuries, suffering indescribable persecution, and they know from the fate of Belgium that were the Teutonic combination to win they would lose all they have gained. They have no intention of returning meekly to the Turkish yoke or of surrendering to that of Germany or Austria. Rather than submit to such a fate they would die fighting. Consequently, whatever may be the personal predilections of the rulers of Bulgaria, Greece and Roumania, they are quite aware that their thrones would be hurled to the ground were they to contribute to the victory

of the Turk or of Germany and Austria, the enemies of small nations. The intervention of Roumania, Greece and Bulgaria would increase the allied military strength by more than a million and a quarter men. But the strategic advantages they would provide would be worth several times that number. The geographical situation of Bulgaria is such that her entry would mean the early elimination of Turkey as a factor in the war. Operating in conjunction with the British force landed at Karachah a few days ago, it would not be long before her forces reached the Thessalonian lines, from which the domes and minarets of Constantinople are visible. With Greece and Italy also represented in the campaign, the operations now confined to Gallipoli could be extended to the Asiatic side of the Dardanelles and to the hinterland of Asia Minor. There never has been much doubt as to Roumania's course once the difference between the other states were adjusted. Further news from the Balkan capitals will be awaited with intense interest.

NOVO GEORGIEVSK.

The fall of Novo Georgievsk, the strong Russian fortress at the junction of the Vistula and the Bug, was not unexpected. The Russian field army was driven behind the main works some days ago, and the early reduction of these by the heavy German howitzers was expected in a very short time. It has gone the way of Namur, Antwerp, Mauberge and Isonorod, and some day it will be joined by Metz, Strassburg and Coblenz, if the Germans hold out long enough. What is surprising in connection with the fall of Novo Georgievsk, however, is the comparatively small number of prisoners taken. It was thought that a garrison of sixty thousand had been left in the fortress, but the Germans claim only a third of that total. We may be sure it cost considerably more than twenty thousand German casualties to invest and capture the place. The Germans admitted a loss of fifteen thousand in the attack on Liege, which was reduced in eight days.

Russia has called to the colors her 1916 class of recruits. This will give her another two million men, and she has probably more than that number in training at the present time. She has plenty of men—an American writer says "rivers and oceans of them"—but she cannot equip them all, and if she could equip them her transport system is not adequate to the colossal task of feeding them. But she can maintain her present strength for years regardless of losses. Make no mistake—the final act of this horrible tragedy will find Russia stronger than she has been at any other period in the war.

DELIBERATELY UNFRIENDLY.

"In the meantime the very value which the government sets upon the long and unbroken friendship between the people and government of the United States and the people and the government of the German nation impels it to impress very solemnly upon the Imperial German government the necessity for a scrupulous observance of neutral rights in this critical matter. Friendship itself prompts it to say to the Imperial German government that repetition by the commanders of German naval vessels of acts in contravention of those rights must be regarded by the government of the United States when they affect American citizens as deliberately unfriendly."

This was the final passage of the note to Germany by the Washington government a month ago. Until yesterday it was treated by Berlin with silent contempt. The submarine attack upon the Arabie, which was sunk without warning, must be regarded as the German reply to the note, for the lives of twenty-six Americans were jeopardized, and it was through no accommodation on the part of the pirate commander that they in common with the rest of the passengers as well as the crew were not drowned. So far it is not known definitely whether any American lives have been lost, but four of these are unaccounted for. It is not necessary, however, that any of them should have been lost for the act of the submarine commander to fall within the American definition of "deliberately unfriendly." They were imperilled through a violation of the rules of warfare for which the American note contended—which was the essence of the American case—and there can be no doubt as to the significance of the incident.

In no other way could Berlin have told Washington that Germany intended to kill Americans whenever it suited her convenience in pursuance of her submarine campaign so forcibly or truculently as by that attack upon the Arabie yesterday. The vessel was bound from Liverpool for New York, and it was a foregone conclusion that she would have Americans on board. It was obvious also that she would have war munitions for anything else in her cargo that might justify seizure or destruction after search. Coupled with Germany's refusal to admit liability for reparation for the loss of Americans on the Lusitania and her contemptuous silence in regard to the last note, there can be no mistake as to the

meaning of yesterday's incident. Further representations by note would be treated the same way. What will Washington do? A few days ago it was reported, that both von Bethmann-Hollweg, the German chancellor, and von Jagow, the foreign minister, were about to resign. They have fallen out of favor with the Kaiser because they advocated a conciliatory attitude towards the United States. It is evident now that von Tirpitz and the murderband are in supreme command and that wholesale massacres of helpless men, women and children, whether of belligerent or neutral countries, will be perpetrated wherever possible. The purpose of this is clear. It is to terrorize the British people into considering the question of peace before winter, and it is anticipated that even if the United States joined the allies it would take a long time for her participation to affect the issue. In this the Huns are mistaken as usual, and a few weeks may demonstrate it.

Horse trading as a calling has not established a better reputation for itself as a result of the investigation being conducted by High Commissioner Davidson. The "tricks of the trade" have had a glaring light shed upon them. The fact was established that a horse with one eye was accepted by government agents with the assurance that half-blindness was not a disadvantage, but rather an advantage, in an animal destined to "sniff the battle from afar." Partial, not to say complete, deafness, reasoning along the lines of the honest horse-dealer, would have been a positive virtue, we presume. A horse which had been rejected at the time of the Boer war as beyond the age limit was accepted by the government inspectors as fit for active service against Germany, "dicating that blindness was not limited to members of the equine family." At the same time it will not do to be too censorious. Horse dealers were not the only offenders in this matter, of disposing of war supplies. Graft ruled in all departments—boots, socks, clothes, drugs, even modest housewives, were made a means of exacting super-profits.

The judgment of the New York Outlook, a publication of large influence in the United States, is that Germany has accomplished by the war only one thing which she set out to accomplish: she has protected her territory from a Slavonic invasion—an invasion which she herself invited. We believe that she would be very glad now to make peace by restoring the conditions which existed before the war, if that were possible. But it is not possible. She cannot rebuild the ancient buildings which she has destroyed, nor restore the fair fields which she has devastated, nor bring back to life the dead; and probably the war which she provoked must go on, not until Germany is destroyed, but until her military power is overthrown, a constitutional Germany supplants an autocratic Germany, a ministry is created responsible not to the emperor but to the people, and thus Germany receives from the hands of her beneficent enemies that charter of liberty which the unsuccessful revolutionists of 1848 endeavored in vain to win for her.

Were the United States to enter the war against Germany, by stopping the export of cotton and copper and chemicals to Holland, Denmark and other European neutrals she could compel them to declare themselves in a very short time. Such a prohibition would place those small states contiguous to Germany largely at the mercy of their ruthless neighbor, and force them to take up arms either for or against her. This would be of greater value to the allies than another million men, for the strategic situation of Holland and Denmark would be of vital importance. One threatens the Kiel canal and the other not only outflanks the entire German front in Belgium and France, but menaces the Rhine, Wilhelmshaven and the industrial heart of the nation.

The Maritime Board of Trade, assembled at Charlottetown, P. E. I., has been discussing the question of Newfoundland joining the Canadian confederation. The board passed a resolution unanimously favoring union. The times and seasons are propitious, and the consummation is most devoutly "to be wished." The question of terms surely might be arranged. Advantage ought to be taken of the situation created by the war to properly round out confederation.

The moral and economic force of the United States on the side of the allies would be worth many army corps to them. The country whose national wealth is greater than that of any other state in the world would be an inexhaustible base of financial supplies. Were Bulgaria and Greece to deal the mortal blow that destroyed Turkey it would be a striking act of retributive justice. They were on the eve of dealing it three years ago when the great powers intervened. Had the Balkan league been permitted to finish its work at that time the problem of the Dardanelles would not have been a fac-

for in this war. But the international jealousies of which Constantinople was the crux saved the Turk then as it had saved him for centuries before.

Uncle Sam now has a fine opportunity for establishing a great merchant marine. Two hundred German ships, including the Vaterland, lie interned in his harbors. No doubt they are being carefully watched. They need to be, for German emissaries unquestionably will try to blow them up.

In the midst of their rejoicing over Teutonic victories and advances the Baltimore Star reminds German-Americans that Napoleon not only took Warsaw—he advanced to Moscow, and finally retired to St. Helena.

What with semi-civilized Mexico on the one hand and more than half-barbaric Germany on the other, President Wilson has very difficult problems on his hands.

The Portland Oregonian says the attack on the Arabie is a direct challenge to President Wilson. It is more than that. It is a slap in the face and we do not think the United States will allow it to pass unpunished.

NO "HOT AIR" THERE.

F. P. A. in Buffalo Courier.

(Lines written by a young British Columbia forester—Pte. Eric G. McDougall, University Corps, Canada Overseas Contingent, in reply to his brother-in-law's advice not to enlist.)

You are going, you say, in the Medical Corps.
You leave wife and children behind.
They need men like you at the heat of the war.
And they're not always easy to find.
You're high in the service, you couldn't hold back.
Promotion for you won't be slow.
But when I suggest that I take the same track
You hasten to tell me, "Don't go."

The points that you make in your kindly advice.
For which please accept my best thanks.
Are, I'm not good enough for an officer's job.
And somewhat too good for the ranks.
My job is important, my place can't be filled.
My wealth isn't up to the test.
There are plenty of men to be wounded or killed.
To stick where I am would be best.

I answer: "The country is calling for men.
To battle for freedom and right.
That isn't 'Hot Air' from an editor's pen.
We know why we're in this fight.
They all give up something, from comfort to live.
I've no one depending on me.
Let those stop-at-home who have children and wives.
Just now it's worth while to be free.

I've climbed a few hills since the last time we met.
I've hiked many miles through the woods.
The Chief sent me information to get.
And he says I've delivered the goods.
My wind is as long as the snow peak is high.

What I shoot at I frequently hit.
I think I agree with the medical guy.
Who said: "Put your shirt up—you're stiff."

My job is important; I gave it its due.
I let my two mates go ahead.
There's one who will sail in a fortnight or two.
And one by this time may be dead.
I wound up the contract, it looks like my turn.

My chance for returning is fair.
And from me and my comrades old England must learn.
The West raises more than "Hot Air."

WELL SAID.

The Montreal News.
The protest raised by Canadian officers at the front against fustian and exaggerated praise of their conduct is timely. A section of the press of Canada, ever since the Canadian troops entered the war zone, has devoted itself to the most palpable exploitation of the men at the front.

To damn with over-praise in this fashion is to serve the interests of the Canadian troops badly. It tends to make them a laughing stock amongst their comrades. It dulls every subsequent burst of enthusiasm well-founded in performance though it may be.

Canada's soldiers have done well. They were expected to do well. They did their duty, and more in one critical situation. St. Julien at least, when they "saved the day." Their conduct on such occasions is worthy of all possible praise and there should not be a continual flood of unreasoning adulation, poured upon their devoted heads at random.

just and ridiculous. Canada may take sufficient pride in the fact that her soldiers are the equals of their comrades in arms without reaching out for some illusive superiority. Britain straining at Kitchener's leash, France in the full power of her admirable fighting spirit, Belgium doggedly persisting in the face of a heart-breaking national experience—these are our models. And if our men in the field rise to the level of this robust manliness, we can never convince the world that we have produced a finer virility than this.

The council of the British Columbia Rifle association met last evening, and appointed the following team to represent them at Ottawa: Master Gunner Cornish, Sgt. J. C. Newbury, Corporal Langley, Gunner Hargison, and Gunner Newbury. The team will leave on Saturday by the C. P. R. for the east.

The members of the Victoria Athletic club will throw open their rooms over Braggman & Ker's store, Government street, to visitors this evening, and all people are welcome.

Attention is being given to the amount of gambling on the Sound steamers, which has become a serious nuisance recently.

THE PORT OF PROFIT

Lincoln used to tell a story of a Mississippi river steamboat that had a four-foot boiler and a "seven-foot" whistle. Every time the boat blew its whistle it stopped.

His steamboat was great on "attention getting" but poor on progress.

The advertising steamboat has lost interest in the mere noise of whistles. Its owners have ceased to measure results by sound. They are insisting that quick transit to the Port of Profit is to be their test of efficiency.

And so advertisers are turning to newspapers for their voyage to the desired harbor.

FETE HELD TO HELP PRISONERS-OF-WAR

Beautiful Event at "Mountjoy" Yesterday Patronized by Hundreds of Visitors

Only very rarely is an undertaking ushered into being under such favorable conditions as the garden fete held yesterday under the auspices of the Women's Canadian club for the fund to aid the Canadian prisoners-of-war and wounded soldiers. The afternoon was perfect, and no more beautiful surroundings for such an entertainment could be found. "Mountjoy," generously lent by Mr. and Mrs. B. Pemberton for the occasion, possessing lawns, gardens, and groves ideal for the amusement of such a vast crowd as gathered yesterday. Had no programme whatever been provided visitors would have found quite unusual pleasure simply in wandering among the flowers, which bloomed in riotous profusion on all sides, while the famous oak trees provided welcome shade on an afternoon which was one of the warmest of the summer.

But with the pageantry, music, and dancing the picture took on additional animation and variety, and it was a fair scene indeed on which the visitors gazed when the entertainment was at its height. The big west lawn was the theatre for the afternoon, the spectators fringing the deep-set greenward used as a stage. It was here the most spectacular feature of the programme was seen, this being the artistic patriotic pageant arranged by Mrs. George and Mrs. Sampson.

Led by the 50th Gordon Highlanders' band, and the 88th Fusiliers' band the long procession marched down the grassy avenue leading from the house to the open green. Men from the various garrison units stationed in the city flanked the ways, and saluted as the fair representatives of Britain and her Dominions passed. First came "Britannia," impersonated with dignity and impressment by Miss Annew. After her came "The Allies," Miss Campbell; "Belgium," A. Pemberton; "France," Mrs. Bury; "Russia," Miss Paula Irving; attendants, the Misses Macdonald, "Serbia," Mrs. McConnan; "Japan," Miss G. Hudson; "Italy," Miss Peggy Pearce; "India," Mrs. C. Cornwell (attended by "Bengal Lancers," Colonel Eardley Wilmot, and Mr. B. Colville); "Canada," Mrs. Douglas Bullen; "Australia," Miss Bowser; "New Zealand," Miss Robertson; "South Africa," Miss P. Warren (accompanied by Uganda chief, Mr. Bevan); "Rose of England," Mrs. C. Sweeney; "Scotland," Miss Ruth Jones; "Ireland," Miss Nora Jones; "Wales," Miss Rattenbury.

Roy scouts of No. 11 troupe brought up the grand march, carrying a Union Jack. After the procession made a sweeping circle of the lawn it took up its station at the far end, the emblematically clothed figures grouping round "Britannia," with her scarlet and white robes. Twice during the afternoon the pageant was grouped, in order that everyone should have an opportunity to see the striking spectacle, which brought forth spontaneous applause from all onlookers.

Mrs. R. H. Pooley had charge of a delightful musical programme, those taking part in this being such well-known vocalists as Mrs. Roy Troup, Mrs. Harry Briggs and Mrs. Pooley. Mrs. Gibson made a capable accompanist. R. H. Davis' splendid rendering of the beautiful song, "Canada, My Home," concluded the musical programme, between two of the numbers of which Miss Theresa Mesher and Miss Robson gave a charming performance, in costume, of a Spanish dance. Miss Mesher also performed a schottische which was particularly beautiful against the background of trees and flowers.

In odd corners about the grounds were hidden away candy and flower stalls, while afternoon tea and ice cream were dispensed to hundreds of guests at tables arranged under the spreading trees in a corner of the grounds away from the biggest crush. Mrs. Bevan had charge of the flower stall, assisting her being the Misses Phillips, Miss Yvonne Pemberton, the Misses McBride, Betty Robertson, Kitty Campbell, Rattenbury, Vivian Matson, Mary Jameson, Kathryn Fordham and Marjorie Currie. All the girls wore nymph dresses and carried trays laden with beautiful flowers which they vended among the guests.

The home-made candy stall was in charge of Mrs. Ernest Miller and Miss Lettich, and here attractive candy-stands made by a number of clever volunteer workers sold rapidly to lovers of the toothsome sweets. Those who helped in preparing the candies and in peddling them from well-laden trays were the Misses Peters, Lettich, Mary and Dolly McBride, Daisy Wilson, Jones, Jennie and Renée. The boxes were made at Mrs. Bowser's at a "bee" held for the purpose.

The tea arrangements were in charge of Mrs. Burdick, Mrs. Logan and Mrs. Ker. Mrs. Jenner doing the catering, and a number of pretty girls in attractive costumes assisting in passing the grateful refreshment. Lady McBride organized the bridge and five-hundred tables arranged in the house, and many of the visitors patronized this form of diversion during the afternoon. Mrs. Charles Wilson and a number of young ladies in nurses' uniforms collected money for the purchase of soldiers' comforts, a stall stocked with Red Cross articles affording an avenue for contributions. The assistants were Misses Inez Ker, Molly Hibben, Drucilla Ricardo and Mary Swinerton, all of whom wore blue denim frocks with white hospital aprons and red crosses on the arm.

Numbers of people posed for Mrs. Mary Ritter Hamilton, who sketched portraits during the afternoon and turned the proceeds into the general fund which is being forwarded to the various camps in Germany where Canadian and British soldiers are held prisoners of war. The proceedings concluded about 7 o'clock, after a very hearty expression of appreciation had been accorded Mr. and Mrs. Pemberton, the artists who took part in the programme, and others who assisted in the successful event.

The attorney-general for Ontario,
Hon. J. B. Lucas, arrived in the city
last evening with Mrs. Lucas, being ac-
companied from Vancouver by Alex-
ander Lucas, M. P. P., and Mrs. Lucas.

Mr. Lucas is the representative of
Ontario on the hydro-electric commis-
sion. He states that the placing of
large war contracts has stimulated
certain lines of industry in the provin-
ce of Ontario.

A reception was held from 2 to 5 p.m.
at the home of Mrs. Fred Alexander,
1164 Pembroke street, on Wednesday, in
honor of Mrs. Kirkbride (nee Miss
Weltha Alexander), of 1159 Yates
street. The decorations were very at-
tractively carried out with flowers,
and among those present were Mes-
sieurs Bishop, E. L. Jones, J. Barnes,
well, sr., J. Barnwell, jr., Gibson, C.
Alexander, H. Carter, Spotts, Ellis, W.
Estes, J. Scott, J. Alexander, the
Misses Beatrice Barnwell, Florence
Alexander, Maud, Alexander, Carrie
Gibson, B. Hernandez, and Helen Car-
ter, also Masters Wallace Alexander
and Harold Alexander.

A youth from the country who was
new to the delights of town lodgings,
recently entered an oilshop and, pro-
ducing a bottle labelled "Best Un-
sweetened Gint," asked for a pint of
paraffin. Better take the label off in
advance of accident, hadn't it?" asked the
oilman. "Don't matter a bit," was the
reply. "There's only me and the cat
ever go to the cupboard, and I don't
mind if I do kill the cat." "Killed the
cat yet?" asked the oilman, as the
youth was passing his shop next day.

"No, I ain't," said the youth, with a
puzzled look. "But there's a bit of a
mystery somewhere. My landlady has
been right queer since last night; she
won't open her mouth within yards of
a box of matches, and she smells
something awful o' paraffin."

"Fond Mother—'Improvise? Why, my
daughter can improvise any piece of
music you put before her!"

THE PROPER SKIRT FOR THE PEDESTRIAN

Its Width and Length a Matter of Personal Preference

New York, August 20.—Did it ever occur to you that the width of your skirt and the line of your frock had much to do with the grace of your carriage and the evenness of your dis-

The Slim Girl With Her Greyhound, Gowned in the Princess Skirt.

position? That we should hop awkwardly, or glide gracefully, with the whim of fashion seems somewhat ridiculous, but such is the case. We cannot walk well or gracefully when

skirts are tight. Luxuries are scarce in Paris just now—motors are doing war service; the Parisienne must walk or stay at home. She prefers to walk, and as she absolutely refuses to be ungraceful, the wide skirt has come back into favor. This was probably the first excuse for the change. We in America who have always loved the exercise of walking find the change grateful, too, and are not slow to accept the fad of walking for walking's sake. With the new wide skirts we find stride lengthening, the worried line between our eyes disappears and walking once more becomes a pleasure.

The Girl and the Greyhound. One girl who lives on upper Fifth avenue takes her picturesque, slender greyhound out for exercise daily. Whether she dressed with "Jerr" in mind, or whether her gray serge skirt was just happenstance, is not known; but certainly the dog was effective with the costume. Her dark-blue eyes and blue-black hair were intensified by the contrast with the gray. The skirt was one of the new Princess styles in gray serge, edged with dark-blue, and trimmed with braid. It had the new suspender straps and was worn with a blouse of sheer, transparent Swiss cut on simple lines, the fabric itself being the chief charm. The hat was in the same shade of gray as the skirt; it was one of the new taffeta turbans, with a tulle band to shade the eyes, that Jeanne Lanvin brought out early in the season. The whole costume gave the effect of long lines and grace.

Skirts are being worn short—that is, by those to whom they are becoming. If one is slender and youthful, she may wear her skirts to her shoe tops, a trifle below or above; but if one is not slender and youthful, it is better to defy fashion and wear them at the most becoming length. The matter of fullness, too, is more or less a personal one; Mme. Jenny, who first launched the very wide skirt, is modifying her models a little. If you find the skirt of two, or two and a half yards is more becoming than the one much wider, the narrower model is quite as modish.

"Uh, yes! Ah!" remarked the medico, in his best bedside manner to his patient, as they stood in the consulting-room. "I'll give you the following prescription." And he handed him three small packages. The patient opened them and read the directions. "A powder for my headache," he said aloud; "a pellet for my liver," he continued, "and a capsule for my gouty foot." Then he stopped and pondered deeply for a moment. "I say, doctor," he queried, "how'll the little beggars know the right place to go when they get inside?"

A teacher was examining a class of small boys in arithmetic. "Will, five go into one?" she asked one lad. "Yes," came the answer. "You stupid boy," she said, "how do you make that out?" "Please, ma'am," he said, "I put five toes into one stocking this morning!"

MUST STAND WHEN CAR IS ABOUT TO STOP

F. W. Breeze Fined \$10 in Court for Driving Past Street Car; People Unaware of Act

That ignorance is no excuse for law-breaking was the lesson taught F. W. Breeze in the police court this morning. He was charged with passing a street car which was standing at the corner of Fort and Government streets last Saturday afternoon at 2 o'clock. His defense was that he did not know the car was about to come to a stop, and had driven past. At that time he did not know it was against the law to commit such an act. He was fined \$10.

Inspector of Detectives Perdue and Constable M. Phipps told of having seen the motor car pass the street car, which had come to a stop. Several passengers were going to embark, and some were already in the roadway, when the auto slipped through. One passenger was between the street car and the gasoline vehicle.

In giving his story Breeze said that the street car had not come to a standstill, but admitted that it was about to stop, although in this city it was difficult to ascertain just where and when a car was likely to draw up. At that time he was only aware of the section of the by-law which calls for motorists to stop when a street car is at a standstill.

Magistrate Jay advised him to read a copy of the by-laws. Breeze said that few people were aware of the clause, and he thought that it should be given publicity. The clause in question reads as follows: "Every driver of a motor going in the same direction as and overtaking a street car which is stopped, or is about to stop, for the purpose of discharging or taking on passengers, shall, when the car stops, also stop such motor at a distance of at least ten feet from said car, and shall keep such motor at a standstill until the said car has been again set in motion, and all passengers who have alighted shall have reached the side of a highway or otherwise gotten safely clear of said motor."

The Connaisseur. "How do you like my new hat, John?" "How much did it cost?" "Three dollars." "Most becoming hat you ever had on."

Women troubled with constipation find Rexall Orderlies far superior to the usual harsh purgative. Sold only by D. E. Campbell, The Rexall Store, 10c, 25c and 50c boxes.

AT THE THEATRES

PRINCESS THEATRE.

The first act of "Graft" at the Princess this week, depicting the editorial room of a newspaper, is particularly realistic. Love, and politics are involved in the play in a combination that would be hard to excel. At any rate, the Allen Players are presenting a play that is advertising itself. The dialogue is packed with clever epigrams that can easily be given a local application, and the acting is some of the most brilliant yet put forth by these players. An unusual feature of "Graft" is the appeal it makes to business and professional men.

COLUMBIA THEATRE.

An unusual acquisition to the realm of the photoplay is the latest feature attraction at the Columbia, which presents William H. Crane in his immortal characterization, "David Harum," a Famous Players-Paramount five-part production. "David Harum" has been read by millions of delighted readers, and seen on the stage by thousands, to which appreciative number will be added considerably by the millions who will be anxious to see this prominent star enact his greatest characterization on the screen.

Together with the latest European war films makes one of the most interesting programmes yet presented at the Columbia.

BAGS OF GOLD.

Weldon, a wealthy Alaskan prospector, entrusts a big quantity of gold to his close friend, Elliot, a broker. Elliot is financially embarrassed. Gradually the fascination of the gold overpowers him. He plans to steal it bag by bag, and transfer it to his suburban home. Three clever crooks also plan to steal the gold. Meanwhile Nan, Elliot's daughter, falls in love with one of the crooks who has secured a position in her father's office, never suspecting he is a crook. Hardy, an artist engaged in painting Nan's portrait, suspects this man and determines to unravel the mystery. How he succeeds, is cleverly shown in the three-reel Lubin photoplay, "Bags of Gold," which is being shown at the Romano theatre to-day and to-morrow.

DOMINION THEATRE.

"Fine Feathers," one of those incomparable World Film Features is as usual being presented on the week end programme at the Dominion. It is safe to assume that it will be as popular as the preceding pictures of the world film series. The present picture contains two thrilling scenes. The bursting of a huge dam and the great Cabaret scene, the latter giving a capital display of the latest dances. The story is convincingly told and holds the interest throughout. The entire cast

work in a manner which makes the entire picture a success. The clever cartoon comedy picture by Lancelotti Speed on familiar war topics, places the submarine peril in a new light. These drawings are delightfully entertaining and original. A capital comedy completes a most varied and enjoyable programme.

MAJESTIC THEATRE.

At the Majestic theatre to-day and to-morrow may be seen the great drama entitled "The Shadow of Doubt," Gabrielle Robinne, of the Comedie Francaise, Paris, France, is featured in this three-reel production, which was made at the Paris studios of the Pathe Freres. The story, which is one of the "eternal triangle" sort, has been beautifully developed in the film. The picture conveys little that is in any way suggestive, and care has been taken to develop the cleanest and best principles. Much of the story is made to centre around the child of two of the triangle. Special attention should be drawn to the beauty of some of the sets of the picture, and the exquisitely beautiful exterior locations which have been chosen. Many scenes of great interest from the southern field of war are shown along with two comedy reels, which round out a splendid offering.

ROYAL VICTORIA THEATRE.

The programme of pictures being shown for the last three days of this week at the Royal Victoria theatre, are what might be called class A. There are two features, "The Criminal" and "The Inventors Peril," both of these pictureplays being of more than ordinary interest. "The Criminal," which is in three acts, has a nicely balanced dramatic plot, and Miss Talmadge who takes the star part is an irresistibly sympathetic girl in her struggles to remain good despite the adverse influence of the notorious Wells. It is a character that almost invites overacting, yet this young actress reaches the emotions without once straining for effects, and always succeeds in conveying the thought behind the action. In "The Inventors Peril," the other feature, lovers of the sensational get a lively "run for their money." The inventor is not the only one in danger, startling events enveloping all the characters in the story that is anything from threadbare, while the acting of the different members of the cast bring it up to a high state of efficiency. The balance of the programme is made up of two excellent comedies, and a scenic special, "A Tour Through Touraine."

PANTAGES THEATRE.

In spite of the hot weather large crowds have been the rule at Pantages this week, where a really fine programme is being offered by the management. In addition to the excellent vaudeville there is a series of well-photographed pictures of the 20th battalion and the Princess Patricia rein-

Trained Nurses prefer Mennen's

It is the powder for your Baby's skin

Before you buy another can of talcum, ask yourself this: Why is more Mennen's talcum used for babies than any other kind?

Why is it the talcum doctors and nurses endorse?

That there's no talcum like Mennen's is more than a mere belief handed down from one generation to another. It is a scientific fact that the Mennen formula produces powder that has the greatest antiseptic value, and the most soothing effect.

The Mennen formula has never been successfully duplicated.

For sale by more than 10,000 dealers. Send 5c for sample of any one variety, or 25c for samples of all five.

Address Sales Agents for Canada, Harold F. Ritchie & Co., Ltd., McCaul Street, Toronto.

Mennen's Talcum can now be obtained in a variety of tints and perfumes, all made according to the famous Mennen formula, as follows: Borated, Violet, Sen Yang, Narangia (a rich cream color) or Flesh Tint (not a rouge, but a delicate pink talcum).

forcements leaving Victoria, together with depictions of the visit here of General Sam Hughes. The big and expensive vaudeville act "Stars of the Movies," is the leading feature of the week, and the players have caused much merriment by their impersonations of famous stars of filmdom. The travesty on Charlie Chaplin is particularly well done, while other good imitations include Mary Pickford, Maurice Costello, Fatty Arbuckle and Blanche Sweet. The whole company, which includes a pretty chorus, plays with great verve and vivacity, and it is safe to say there is not a dull moment while they are on the stage.

Another act which has proved most popular with young and old alike and has earned unstinted applause at each and every performance is that presented by Karl Emmy and his wonderfully-trained fox terriers. These dogs appear to be able to do everything but talk, while their instructor pilots them through their tricks in a most entertaining manner. At the usual matinee to-morrow afternoon, Mr. Emmy and his dogs will give a reception to women and children after the performance, and a souvenir photograph of the wonderful terriers will be presented to each one present.

AMATEUR TEAMS WILL CLASH TO-MORROW

BALCOM TO HURL FOR LOCAL CLUB

Pinkie Grindle to Umpire Inter-City Battle at Royal Athletic Park; Dale Here on Holiday

With Pee Wee Balcom on the slab, Hawkins Cubs will endeavor to take the measure of the National Biscuit Company ball club, of Vancouver, to-morrow afternoon at the Royal Athletic park. The game is the first of the series of home-and-home contests for the amateur title of the province, and a big crowd is looked for as these teams are about the class of the amateur ball tilters on the coast. The Victoria club will visit Vancouver later in the season, but hope to pile up enough runs to-morrow afternoon to be able to cop the two game series.

Balcom will be opposed to Brethour, the crack twirler of the mainland squad, and it will be a real old-time clash of big-league hurlers. Balcom has not been defeated this season, while Brethour in twelve games has averaged thirteen strikeouts per game, and but three hits, so that it will be seen that he is a twirler above the ordinary. The team have victories to their credit over the Nanaimo and Powell river teams, while Dawson, their crack third sacker, had a chance to join the Vancouver league club early in the season.

No less a personage than Pinkie Grindle, the former Victoria back stop,

will handle the indicator, and this means that the clubs must play ball. The game will start at 3.30 p. m. and the clubs will line up as follows:—Tennisey, cf; Balcom, p; Green, 1b; Moore, 2b; Cummings, ss; Gravelin, 3b; Bruno, cf; Ledingham, if; McGregor, ff.

George Dale, the former Toronto boy, who had a tryout with the Victoria ball club two years ago, is in the capital on a short visit. Dale is now in the employ of the Dupont Powder Works, at Dupont, Wash., and says that there is big money in making explosives. Butch Belford, a former Victoria hurler, is also working for the Dupont people, the pair playing ball on their off days.

Charlie McDougall, the former Hawkins' short stop, is now at Vernon, with the Hospital corps. McDougall was easily the flashiest short fielder in the capital and he will be missed in to-morrow's game against the National Biscuit club.

Marsans Injunction Dissolved; Nye Let Out by Tacoma; Seattle Loses to Tigers

New York, Aug. 20.—Cincinnati continued its aurt yesterday, defeating New York for the second time. The score was 6 to 1. Cincinnati has won eight of their last nine games. McKenry pitched a brilliant game for Cincinnati and was ably supported. Williams led in Cincinnati's batting, drawing a three-base hit, a double and two singles in five times at bat.

St. Louis, Mo., Aug. 20.—The injunction restraining Armando Marsans from playing baseball with the St. Louis Federalists was dissolved yesterday.

New York, Aug. 20.—Two deputy sheriffs from Kansas City, Mo., served an injunction notice in Brooklyn yesterday on Samuel Mayer, first baseman of the Brooklyn Federal League club, who recently jumped from the Kansas City club of the American association. He was restrained from playing with the Brooklyn pending a hearing of the case in Kansas city next Tuesday.

The chances of Detroit winning the pennant in the American league were greatly enhanced when a deal was put through for Bill James, the ball pitcher of the St. Louis Browns. All-year Jennings has walked that if he only had one more dependable pitcher he would grab the flag. Well, James is a mighty good pitcher, so it is up to Hughes to go out and cop. It is reported that Detroit gave up \$15,000 in cash and Bill Jacobson, an outfielder, in exchange for James.

Jack Fournier, the Tacoma boy who is one of the best hitters on the Chicago White Sox club, was put out of the game Wednesday, when a ball thrown by Blackburn, third baseman, fractured his arm. His batting will be missed.

Joe Levine, of Seattle, has taken the place of Marty Nye at second base for Tacoma. He is a better ball player than Nye and should help the Tigers. Spokane, Aug. 20.—By bunching hits off Callahan in the third inning yesterday Vancouver piled up enough runs to win from the locals by a score of five to four.

Score: R. H. E.
Spokane 4 11 3
Vancouver 5 8 0

Batteries—Callahan and Brenegan; Smith and Brotem.

Seattle, Aug. 20.—Mails was wild yesterday, and was hit hard, Tacoma winning by a score 8 to 1.

Seattle 1 5 4
Tacoma 8 4 0

Batteries—Mails, McVior, and Cadman; Melkie and Stevens.

LONDON SOCCER LEAGUE.

London, Aug. 20.—As approved by the English Football association, London clubs, who are members of the English and Southern leagues, making twelve clubs in all, have combined in forming a London football combination, which will be conducted on league lines. The eleven London clubs are Brentford, West-ham United, Tottenham Hotspur, Crystal Palace, Queen's Park Rangers, Fulham, Clapton Orient, Millwall Athletic, Crystal Palace, The Arsenal and Chelsea. The opening matches will be played on Sept. 4. Professionalism will be entirely suspended, and only necessary hotel and traveling expenses are to be allowed.

MARATHON TENNIS FEATURES TOURNEY

H. R. Orr Puts Up Valiant Battle Against Clute; Matches to Be Played on Schedule

Extra set matches and long games again featured the play at the Victoria Tennis club courts yesterday. C. G. Clute finally winning from H. R. Orr in a set that went 48 games before the veteran succumbed to Clute's service. Mr. Orr, immediately following this match, took part in a vigorous doubles match, demonstrating his remarkable stamina after a strenuous afternoon's tennis. Terry was beaten by Johnson in a long three set match, Lindsay defeating Phelan in an extra set contest, after some very exciting tennis. Only one of the doubles matches went three sets, Miss McDermott and Mr. Forbes shutting out their opponents without losing a game in two straight sets.

It was announced yesterday that the tournament must be closed by August 28, so that all competitors must be on hand for the games at the time they are scheduled to play, or they will forfeit the match. Competitors in the doubles competition who have not yet secured partners, must do so before Saturday, in order that the draw may be completed.

Results:
Men's singles, A. D. Davis beat Neame, 6-1, 6-3; Lindsay beat Phelan, 6-2, 6-3, 6-2; Hoyle beat Armstrong, 6-2, 6-1; Hodgkinson beat Leeming, 6-2, 6-3; Clute beat Orr, 8-6, 18-16; Grove beat Bigwood, 6-9, 6-9; Johnston beat Terry, 6-1, 4-6, 7-5.

Men's doubles, B. P. Schwenger and Brown beat White and Hall, 6-2, 6-3; Phelan and Twigg beat Foreman and Todd, 6-2, 6-2.

Ladies' doubles, Miss Clute and Mrs. Rickaby beat Miss Dodd and Miss Wotton, 6-3, 6-2; Miss Ideles and Miss Kilpatrick beat Mrs. Birch and Miss Martin, 6-1, 6-2.
Mixed doubles, Miss McDermott and Forbes beat Miss Borrill and Jones, 6-9, 6-9; Miss L. Wotton and Hoyle beat Miss Dodd and Port, 6-4, 6-2; Miss R. Neame and Orr beat Miss Garsche and R. C. Trimen, 4-6, 7-5, 6-4.

FAMOUS PAIR TO DRAW DOWN RECORD PURSE

Getting Packey McFarland to put his name to the set of articles calling for a ten-round tilt at Brighton Beach Motordrome on September 11 wasn't child's play, according to the story told by W. C. Marshall, the man risking \$32,500 on the venture. Just in from Chicago, where the match was made, he said:

"The strongest arguments we could present would not shake McFarland in his determination to force Gibbons to make 145 pounds at 3 o'clock. First we waited a whole day for Gibbons to arrive in Chicago. At once McFarland made known his stand in the matter of weights. For five solid hours he held the fort. Gibbons naturally wanted a break in the weights too, and when it looked as if we might swing Packey Gibbons held out for 150 at 3 o'clock. There the pair remained deadlocked.

"We made Gibbons strip and get on the scales to show Packey that it would be impossible for him to weigh in at 145. Mike tipped the beam at exactly 160 pounds. I guess that fact

alone broke the ice, for even McFarland was fair enough to admit that Mike couldn't take off fifteen pounds and be himself. They compromised finally on 147 pounds. Even as it was, McFarland got the best of the compromise by a pound or so. Taking off thirteen pounds won't be an advantage to Gibbons. He has been fighting around 154 and he likes 159 better.

"Now, as to the money. There seems to be an impression that the \$32,500 is stage money. To prove that we mean business we are bound by the articles to post the entire guarantee of \$32,500 in the hands of Robert Boren. We will open offices probably in either the Knickerbocker or Astor hotel.

The public has demanded this bout and we are willing to gamble on the result. We will sink or swim with the prospect, but if the gate isn't close to \$50,000 we will be very much surprised. If a bout of that quality doesn't draw them in then surely boxing is on the decline."

CHAMPION PACER IS SOLD FOR FORTUNE MONTREAL ON CIRCUIT

Cleveland, O., Aug. 20.—William 158½, world's champion pacing stallion, has been sold by A. Earl Vanatta, his owner, to C. K. G. Billings, New York horseman, for \$35,000. William will be withdrawn from racing and placed in the stud.

Montreal, Aug. 20.—Grand circuit racing was inaugurated in the province of Quebec at Royal track yesterday. The Queen Mary stakes for 2,000 pacers, with a purse of \$5,000, was won by Judge Ormonde, C. A. Valentine's black stallion, driven by the owner. Judge Ormonde won the third and fourth heats and finished second in the second heat. Judge Ormonde's time was 2:04½ in the third heat, this being the best time made during the afternoon on a track that was very fast.

Hal S., winner of the 233 pace, the opening event, won his first heat in 2:07½, and repeated in the next heat his third and final heat time being 2:08.

Galesburg, Ill., Aug. 20.—Spriggan, winner of the \$20,000 Panama-Pacific stake, outfinished but not out-classed a field of nine starters in the 224 trot of the Great Western races here yesterday. Spriggan is owned by J. F. Dunne, of San Francisco.

ELGIN RACE TO-DAY.

Elgin, Ill., Aug. 20.—Eleven drivers will start to-day in the annual 301-mile automobile road race. On Saturday sixteen racers will compete for the historic Elgin trophy. The distance to be covered in each event is the same and the race is over the 5.36-mile course. A purse of \$3,000 has been hung up for the Chicago Automobile Club cup race Friday, as well as for the Elgin national event Saturday.

Ralph De Palma, Earl Cooper, Gil Anderson and Barney Oldfield have decided that they will enter both events.

MADGE GRIFFIN UNABLE TO COMPETE

HUGE CARD OF RACES TO-MORROW

Swimming Gala at the Gorge
Will Draw Crowds; Many
Entries for Team Events

Illness will prevent Miss Madge Griffin defending her title as the fifty-yard ladies' champion of British Columbia at the Gorge to-morrow afternoon, when the Victoria Ladies' Swimming club will conduct the annual city gala. The well-known local star has been unable to resume training, but the officials of the Victoria Ladies' club look for several of the newer swimmers to provide the surprises of the day at to-morrow's meet.

Relay races and team diving will be the feature of the afternoon's programme, and it is expected that a huge crowd will turn out. Eight hundred seats have been arranged for the accommodation of spectators, and the races will be held over the V. A. S. C. course at the B. C. Electric park. An obstacle race will provide the fun for the afternoon, and special events have been provided for the novices and the ladies who have joined the V. A. S. C.

M'NAMARA WINNER OF OPEN TOURNEY

Chicago, Aug. 20.—Tom McNamara, of Boston, yesterday won the golf western open championship at the Glen Oak Country club, with a score of 304 for twenty-two holes. A Cunningham, of Wheeling, W. Va., was second with 306; George Sargent, of Washington, D. C., third with 307, while fourth and fifth money was divided between M. J. Hazen, of Rochester, N. Y., former national open champion, both scoring 309. Brady today broke the course record of 72 holes for the 6,025-yard links, with a splendid 35, 35-70, and won a special prize for the best 18 holes; Gilbert Nichols, of Wilmington, Del., metropolitan open champion, finished just outside the money, with 311.

REMARKED ON THE SIDE

Tennis Has Improved.

He who would play tennis in the ranks of stardom should prepare to give up plenty of time to devotion to the game. It has been variously estimated that the most prominent of America's court luminaries spend two, and often more, months in practice and tournament play. The game of the racquet requires more preparation perhaps than does any other amateur sport for perfection, and time must always be a secondary consideration. Golf alone can rank as a rival in this respect. Maurice McLoughlin, conceded to be America's greatest player, generally devotes four months to play on California and eastern courts. Important tournaments are being held either upon the Pacific coast or in the eastern States throughout the year. The Atlantic and middle western competitions are usually held through the summer, while Pacific coast events come in the winter, so it can be seen that if a player intends an entrance into these important tourneys he must necessarily throw time to the four winds. McLoughlin is not alone in his devotion to the game, for such players as Norris Williams II., William Johnston, Lindsey Murray, Karl Behr and others of national importance are continually on the move.

Maxims of the 19th Hole.

He who scorneth the alibi is as pleasant as the northern breeze at summer noon.

But he who sleepeth ill last night, or hath not touched a club for many weeks or hath indignation or complacency of the scintilla shall represent nine-tenths of those who play. Yes, ninety-nine one-hundredths.

CHAMPION DEFEATS CALIFORNIA STAR IN HARD FOUGHT MATCH

Newport, R. I., Aug. 20.—R. Norris Williams, Philadelphia, national champion, defeated William M. Johnston, of San Francisco, three sets to one in the fourth round of the singles. Maurice McLoughlin, of California, vanquished Wallace Johnson, of Philadelphia, three sets to one, and C. F. Griffin, of California, eliminated Irving Wright, of Boston, in straight heats.

The summary:
Singles, fourth round—C. J. Griffin, San Francisco, beat L. C. Wright, Boston, 7-5, 6-2, 5-4.
R. Norris Williams, Philadelphia, beat William F. Johnston, San Francisco, 1-6, 10-8, 6-1, 6-3.

M. E. McLoughlin, San Francisco, beat Wallace F. Johnson, Philadelphia, 1-7, 6-4, 5-4, 6-2.
N. W. Miles, Boston, beat H. C. Johnson, Boston, 6-1, 4-6, 6-3, 6-4.
Casino cup doubles, third round—R. Norris Williams II. and S. W. M. Washburn, Philadelphia and New York, defeated T. R. Pell and F. C. Impan, New York, 6-4, 6-3.
R. D. Little and F. D. Alexander, New York, defeated F. C. Dixon and Craig Biddle, Philadelphia, 6-3, 6-2.

SEATTLE YACHT AGAIN BEATEN

San Francisco, Aug. 20.—Another win was registered in the yawl class yesterday for Dorn's Truant after a match race in a thick fog against the Ortona, of Seattle, had been completed. Several trials during the fourteen-mile course the northern boat had stopped into the lead, besides getting twenty-five seconds at the start, but under local conditions the Corinthian yacht is the faster, although smaller in size.

The disadvantage of "knowing" local tide conditions was readily proved when the strong flood on the beat out to Presidio the Truant cut down the Ortona's advantage and lead by many lengths at the end on the first hundred yards. The Ortona, with nothing to win by splitting tacks, took one tack toward Lima Point. Although she overshot the mark fully a quarter of a mile, she rounded the buoy with the Truant and added a couple of minutes on the run, showing that the tide is not more slack along shore. On the last beat out both kept in sight of shore, as they had considerable trouble in picking up the leeward mark in the earlier part of the race.

ONLY TWO CRICKET MATCHES TO-MORROW

Fifth Regiment and Civil Service Likely to Take Points; Five C's Defeated Clergymen

There are only two league matches down for decision this week, these being:

Victoria A1 v. Fifth Regiment, at Jubilee hospital; Congregational v. Civil Service, at Heywood avenue.

It is likely that the venue of one of these matches will be changed. Fifth Regiment are still a strong side despite the loss of Captain Birch and Lieut. Westwood. They are expected to take full points from Victoria A1, who, however, are likely to play them a very close game. This match should produce some really excellent cricket, and will probably result in the Fifth retaining their place near the head of the table.

Congregational, who have strengthened up considerably in recent weeks, are likely to make the Civil Service go all the way in their endeavor to finish in the first half of the league table. A fast game should result in a win for the Civil Service, but it is by no means a forgone conclusion.

The following is the league standing to date:

	P.	W.	D.	L.	Pts.
Garrison	11	10	0	1	30
Athlons	12	9	0	3	27
Fifth Regiment	12	9	0	3	27
Civil Service	14	7	1	6	21
Five C's	14	6	0	8	18
Victoria A1	12	1	2	9	7
Civic Athletic Assoc.	13	5	1	7	16
Congregational	12	2	0	9	6

Five C's won from the Anglican clergymen yesterday by three wickets. Rev. W. T. Keeling scored 48, while Tucker and Payne, led the winners with 48 and 59, respectively.

Word from Vancouver brings the news that the Red Cross cricket match at the mainland city has been dropped. The Civics are playing a friendly match with the Navy C. C. to-morrow afternoon on the Canteen grounds. The game will commence at 2.30 p. m. Players and reserves will meet at 1.45 p. m. at Haultain and Sheilbourne streets and go out by jitney.

The team selected is as follows: H. Bosson (capt.), H. G. Neville, F. Bosson, E. Rodgers, G. Downes, J. Waterhouse, H. Whitehead, P. Rawley, E. D. Todd, J. A. Hamilton, T. Rhodes and J. Rhodes.
Mr. Neville has joined the B. C. Horse and has had to give up the captaincy of the Civics team. H. Bosson being elected to act as captain for the balance of the season.

VICTORIA RINKS SELECTED FOR THE INTER-CITY MATCH

Great interest is centred in to-morrow's inter-city lawn bowling matches on the greens of the Beacon Hill club, between the Vancouver and Victoria Lawn Bowling clubs for the Barnard cup. The local grounds are in perfect shape for the matches, and with the finest lawn bowlers on the coast, in action, some really exciting finishes may be looked for. The terminal bowlers will be entertained by the Victoria club after the matches. Secretary Robertson announced the Victoria rinks as follows:

Sturges, Mowatt, Chambers and Downes, skip.
Lothian, Melville, Roberts and Oliphant, skip.
Alexander, Culkin, Fairfull and Yates, skip.
McDonald, McLean, R. Dunn and P. Turner, skip.
Robertson, Fraser, McBride and Langley, skip.
Greenhill, Wright, Walker and Stevenson, skip.
Vancouver:
E. May, J. B. McGugan, R. Waite; G. L. Seaton, skip.
Geo. Dobson, J. D. Lumsden, D. Cuthbertson; J. C. Chalmers, skip.
J. H. Harris, P. E. Baxter, F. C. Saunders; A. Meston, skip.
W. V. Moore, G. Bowman, H. Campbell; J. Galt, skip.
J. W. Young, J. G. Whitacre, F. Alexander, sr.; Joseph Howatt, skip.
F. Alexander, jr., C. E. Seaman, J. Stevenson; D. Menzies, skip.
Spares—J. F. Chalmers; R. B. Brown, R. Wallace, E. P. Rogers.

SPORTING GOSSIP

Seattle plans to hold a harness meet the first of next month.

Victoria has very few really good amateur boxers left, most of the mitt artists having expired.

Cyclone Scott is setting the pace for the pro athletes.

The Victoria Matinee club plans a big inter-city race card at the Willows on Labor Day.

Robbie Dibble is easily the finest amateur sculler in America to-day.

He has not lost a race in the past four years.

Walter Mails has won twenty-three games for the Seattle club this year.

Brooklyn is anxious to have this port-side report immediately.

Cornwall is now tied for the lead in the national lacrosse union.

Deer shooting opens on Sept. 1, and Harry Hanover has already organized a party to go after the venison.

Rob Brown has let Cliff McCarr go to cut down his expenses.

It will take nifty financing to pull the

Northwestern teams through another month of baseball.

Little Calvo, who played for the Victoria club a year ago, has refused an offer to jump to the Federals.

Spokane is losing ground in the Northwestern.

Jamie Cameron, the provincial swimming champion, will swim at the Gorge gala on Saturday.

Homer Haworth secured his first hit in the majors on Tuesday.

He made it against Johnny Duboe, a Montreal boy, pitching for the Detroit Tigers.

Y. M. C. A. boys will enter a team in Saturday's relay race.

Wynne Noyes may be tried out by the Portland Coast Rangers.

Johnny O'Leary fights Percy Cove at Vernon on Thursday night.

Jimmie Hewitt is now figuring on taking a course in aviation.

Seattle's new hockey manager may be Cyclone Taylor.

They are now talking of a four-league pro. hockey circuit in the east.

Semi-pro lacrosse is drawing big crowds in Toronto and Montreal.

Westminster soccer fans have already formed a city football league.

Cocquidam also announces that it will have a formidable team, despite reports to the contrary.

Gulien, of Seattle, is the best hitter that Dugdale possesses.

Hunky Shaw is still hovering around the 20 mark for the Giants.

Looks as if Tacoma is through, when they let go of Peterson.

The Red Cross baseball tournament is proving a big success.

It will help greatly to develop the younger tennis players.

Rob Brown's Beavers are doing pretty fair at Spokane.

TRAP-SHOOTING.

The Victoria Gun club will hold its next regular shoot at the club grounds, Colwood, on Sunday, Aug. 22. Shooting will commence about 11 a. m. and everybody is invited to attend, and shoot in the different practice events. Shells can be procured by the ground at city prices. We promise you a good time.

"Father, who was Shylock?" "Goodness, boy! You attend the finest school in the district, and don't know who Shylock was?" cried his father, with a look of surprise and horror. "Go and read your Bible, sir!"

Narrowly Averts Delay.

The Discoverer narrowly averted delay in the Panama canal owing to a land slide at Gaillard Cut. The depth of the water at this point, when the vessel passed through, was twenty-one feet and the Discoverer was drawing nineteen feet. This is the heaviest draught of any of the same line, which was heavily laden on her homebound passage to the United Kingdom.

Some 500 tons of freight was discharged at Victoria to-day, including 300 tons of pipe for the Sanchar waterworks. The vessel will sail for Vancouver at 7 o'clock this evening. She has for the mainland 500 tons of mixed cargo.

Captain Known Here.

Capt. Rushforth is very well known at this port, having made several trips here in command of the Harrison line. Candidate, which was torpedoed by a German submarine last April. Rushforth was not in command of the Candidate when she was sunk; he had been transferred to command the liner Discoverer for her maiden voyage here last December.

The Blue Funnel liner Talthybus left Seattle yesterday for Vancouver, where she will load freight for the Orient. She will arrive at Victoria early next week to complete her cargo for the Far East.

STEAMERS AGROUND.

Galveston, Aug. 20.—Two British steamships, the Harlesden and the Eatonhall, are aground at Swan lake, on the mainland southwest of Texas City. It is said that the Eatonhall is in a serious condition.

The British steamer Calulu is expected to pass in at Cape Flattery today bound from London via San Francisco for Tacoma, where she will load a full cargo of grain for Australia. It was originally intended to load the vessel at San Francisco for Melbourne. The Calulu was formerly the German steamer Osnabruck. She was captured by the British and renamed the C-9, later being given her present name. She is a vessel of 2,639 net tons register.

The time used is Pacific standard, for the 120th meridian west. It is counted from 9 to 24 hours, from midnight to midnight. The figures for height serve to distinguish high water from low water. Where blanks occur in the tables, the tide rises or falls continuously during two successive tidal periods without turning.

Equilibrium.—To find the depth of water on the sill of the dry dock at any tide, add 13.0 feet to the height of high water as above given.

SAANICH TAX SALE

BRINGS IN \$18,000

Including Delinquent Taxes Paid, Treasury Will Benefit to Extent of \$33,000

The close of the Saanich tax sale came to-day at noon. The receipts during the eight sessions amount to about \$18,000, which, with the \$15,000 delinquent taxes paid before the sale began on Monday afternoon, brings the total proceeds to \$33,000. The estimate set by the municipal council for the sale was \$35,000. Under these circumstances the result is considered most satisfactory, and the collector expresses this sentiment in reviewing the sale. Of course the bidding was quieter to-day, as only lots which had already been offered were re-auctioned.

The amount of property unsold, exclusive of the railway lands, and allowing for the soldiers' property, was five per cent of the total offered, which is regarded as excellent and better than was generally anticipated. Bidding to-day was restricted to sub-division property, no acreage being available for selling. Few of these properties fetched more than the upset price, being mainly in the suburbs of the city where the demand for building is limited at present. A detailed report upon the result of the sale will be made by Mr. Sewell at the next meeting of the council.

OFFICER MISSING SINCE FESTUBERT

CAPT. D. MACKENZIE MOORE.

Who is wounded and missing. He is a cousin of Capt. C. W. Peck, who was wounded in the same battle at Festubert, and brother of C. H. Moore, of Vancouver. Capt. Moore was very well known here, being largely interested in the canneries of British Columbia. The missing officer was formerly from Hopewell, Albert county, N. B., and came to this province in 1898. He volunteered with the first Prince Rupert detachment, proceeding to the front with the 30th battalion from Victoria. His company was drafted from Stornell to reinforce the 16th battalion after St. Julien, and he received his wounds at the capture of the Orchard at Festubert. When last seen Capt. Moore was evidently wounded, as he was on his knees, heroically using his revolver on the Germans. Since that day all trace of him has been lost.

The recently-organized unit, in command of Major Henniker, is acting as a training and recruiting force for the 11th C. M. R. at Vernon. The squadron is now fully equipped, rifles and uniforms having arrived for all the men this week. A detachment of twenty-five left this afternoon for the training camp in the Okanagan.

ADVISES ACCEPTANCE OF SITUATION

Inspector Paul Indicates Future of Work; Oak Bay High School

"I recommend the acceptance of the situation and I think we ought to try to make the best of it." This is the expressed opinion of Inspector Paul on his return from the meeting of the joint committee of the Royal Institution with the board of governors of the B. C. university held Wednesday night.

"In addition to carrying out senior matriculation work, to which I have already referred," he told the Times, "there is good prospect that work for senior academic certificates may be carried on in conjunction with the High school."

"This course provides for special work in English literature and two languages, selected from Greek, Latin, French, and German. In other words we shall lose second year work of students contemplating proceeding to Mc Gill university."

"A resolution was passed at the joint meeting on Wednesday recommending to the board of governors provision with regard to some of the staff of the Victoria branch, upon which it is hoped to take action later."

A tribute was paid to Mr. Paul by his colleagues on the managing body of the Royal Institution for the fight he has put up on behalf of Victoria, the Vancouver members praising the way in which the Victoria representatives have conducted negotiations in the past two months.

Announcement is made that H. P. Hope, B. A. (Cambridge), who was from December 1909 and for a long while connected with the city High school, has been appointed principal of the Oak Bay municipal high school, Miss Broadbent's appointment has already been announced, and a third teacher may be added later, if the numbers warrant it.

Preliminary matriculation, and advanced work will be done in connection with the work of the school.

TWO OPINIONS ON CARBERRY GARDENS

Deputations for and Against Transfer Are Heard; the Labor Bureau Management

The proposal to take over Carberry Gardens as a city street does not appeal to all the owners interested, and a deputation adverse to any change is waiting on the streets committee of the council this afternoon, as well as a deputation favoring the transfer.

The engineering department is submitting an additional list of streets for consideration, being those which have been before the committee at different dates during the year, though various circumstances have prevented the completion of local improvement work on them.

As requested by some of the aldermen the department is reporting to the committee further on the condition of the ornamental bridge across the lake at Beacon Hill, which has been alleged to be unfit for heavy traffic.

The matter arose in connection with a by-law, which has been holding fire for some time, to prohibit vehicles of any kind standing on park bridges.

The expected progress with regard to Pemberton road and Dundas street, to which reference was made yesterday, will not materialize, as the city solicitor is away, and the points which would require modification will be submitted to him first.

Chief public interest in the afternoon's proceedings centres in the decision with regard to the management of the civic labor bureau.

At noon over forty applications for the superintendency had been lodged with the city clerk, including some from leading citizens.

Miss M. Grayson is in the city from Everett, Wash., on a short vacation. She is the guest of her aunt, Mrs. S. Rose.

MEDICINAL HERBS AS NEW INDUSTRY HERE

Industrial Commissioner Taking Up the Matter With Dominion Government

The possibilities for a new industry on Vancouver Island were spoken of this morning by Herbert Cuthbert, the commissioner of the Victoria and Island Development association, who has had under consideration the growing of medicinal herbs. As an instance of what can be done in this way Mr. Cuthbert has authority for the statement that a digger of ordinary garden roots in the parks of Victoria can make \$4 per day. The roots are sold for medicinal purposes.

There is a proposal on foot now to begin this new industry of growing medicinal herbs in Victoria, and the Development association was asked for assistance in publicity in connection with it so that people interested in the matter might get together. Further inquiry on the possibilities of the industry were had from Thomas Purdy, park superintendent, who supports the plan as quite feasible, and says that medicinal herbs can be grown here. There is also a possibility of a good income, he says, in the growing of vegetable and flower seeds.

Authorities on these questions say there is no place like Vancouver Island for the business on the whole American continent. The work in this culture is said to be just as easy as growing vegetables, and very much more productive and remunerative.

The Dominion government has issued a bulletin on the matter, and the Development association has one. Mr. Cuthbert has written to Ottawa for a large supply of these bulletins for distribution to those interested. It is the intention of the commissioner to begin a campaign with the object of having the Dominion government have some experiments made in connection with herb growing and medicinal plants at the experimental farm, or to arrange for a small commission to be named to take the matter up and for experts to advise the persons who might be interested. This is in the nature of pioneer work for the industry, and those with knowledge say it would be a very productive work if rightly taken hold of.

The industry would have the advantage, Mr. Cuthbert says, of being non-competitive. He says that the strawberry farmers at Gordon Head have declared that last season they were able to make a profit and interest on investment from the crops on a basis of land at \$2,500 per acre. He uses this to point out that the price of land would not hinder the industry and that the profits of the medicinal herbs are said to be ahead of any other garden culture known.

BRISK REGISTRATION FOR HARVEST LABOR

Representative of Saskatchewan Government Commences Operations Here

The offices of the civic labor bureau were thronged to-day with applicants for harvest work in Saskatchewan. In fact since the munitions registration there has not been so much life at the bureau.

The representative of the Saskatchewan government, T. Withy, of Regina, assisted by the provincial relief officer, P. R. Fleming, received the names of applicants and examined their credentials and experience. If satisfactory, the men are given the certificates to be presented at the transportation offices, when a ticket for one cent a mile going and a cent and a half returning is issued.

Some two hundred are expected to leave on the morning boat to-morrow, and there is every prospect that from 750 to 1,000 men can be sent from Victoria to the harvest fields. Vancouver, which has been assigned to A. Pawcett on behalf of the Saskatchewan department of agriculture, will supply 1,500 men while New Westminster, where registration will be received by W. Oliver, will have 150 at least. Burnaby has 250 anxious to go, and South Vancouver at least 200. J. McGrath will take the Prince Rupert district. Telephonic and telegraphic messages received yesterday in Vancouver, Mr. Fleming says, show that men from Chilliwack and points on both sides of the Lower Fraser are anxious to go east for the harvest.

Work will be assured to the men for three months, and probably longer. As cutting has already commenced in some districts, the demand for men is enormous and wages are very good. The districts to which the laborers will be shipped are from Herbert to Maple Creek, on the main line, of the C. P. R.; between Swift Current and Prussia; branch lines between those places; and between Swift Current and Vanguard, on the Vanguard branch.

Assault Case Remanded.—Joseph Reed appeared in the police court this morning charged with assaulting John R. Adams. Reed is alleged to have struck the plaintiff in the face with his fist. The case was adjourned until to-morrow morning.

Speeding on East Saanich Road.—In the Saanich police court this morning David Spencer & Co., was fined \$10 for automobile speeding. One of their motorcars was caught exceeding the limit on the East Saanich road last Monday. A. G. Whitfield was driving the car.

PENNOCK CASE WILL COMMENCE ON MONDAY

Another Remand Was Granted Prosecution This Morning; Chief Witness Away

Another remand was granted the prosecution in the Pennock case in the police court this morning by Magistrate Jay. Through inability to locate one of his chief witnesses, City Prosecutor Harrison asked for a remand. This request was protested by H. A. MacLean, K. C., who is representing Mr. Pennock. The magistrate set the trial over until Monday morning.

Pennock is charged with stealing \$2,600 from the firm of Pennock & Godfrey Co., Ltd., which recently assigned. His charge was read in the police court last Tuesday morning. On the request of the accused a remand was granted until the following day. Which the case was called Mr. Harrison asked for a remand in order that he might secure the necessary witnesses. Magistrate Jay set to-day as the date for hearing the charge.

Mr. Harrison informed the court this morning that he wished a further remand. He had been unable to locate one of his chief witnesses, C. E. Watkins, who is out of town on a holiday.

Mr. MacLean offered objection to the request for remand, on the grounds that Mr. Pennock had been brought from the prairies, and that as this was the harvesting season, he was anxious to return as soon as possible. He also thought that the prosecution had had time to secure the necessary witnesses.

A suggestion was made that the charge be heard to-morrow, but Magistrate Jay informed counsel that he started on holidays next Monday, and that it would probably be inadvisable to start to-morrow through the fact that the case might not be concluded. This would necessitate either an adjournment until he returned or resuming the case under his successor. It was agreed to have the case proceeded with on Monday.

HARVESTERS' EXCURSION

G. T. P. Steamer Prince Rupert Will Sail To-morrow Afternoon With Farm Hands.

Chas. F. Earle, local representative of the G. T. P., stated that the steamer Prince Rupert would sail to-morrow afternoon at 3.30 o'clock carrying harvesters for the prairies. The company arranged an excursion about two weeks ago, but owing to representations made by the inland provinces, the officials were obliged to cancel it. Mr. Earle said that he has reservations here for 100 men, the remainder of the space being retained by the Vancouver offices. The company has inaugurated a special rate for the excursion. Going the fare will be one cent a mile, based on the short-mileage system and returning it will be one and one-half cents a mile.

PUBLICITY LEAGUE

Testifies to the Extent of Work Done at San Francisco by J. B. McCallum.

The Victoria, and Island Development association executive yesterday afternoon laid over for the time consideration of continuing the engagement of J. B. McCallum at San Francisco as publicity agent. The executive heard from Frank Higgins and Jesse M. Warren, members of the Rotary club that while in San Francisco they had seen some of the work of Mr. McCallum, and believed it to be effective and good for Victoria. He had turned many tourist parties this way.

The executive received the commissioner's report on the successful trip to Port Angeles last Saturday, and had before them the plans suggested for the future. These were given consideration.

The commissioner says there are several business schemes under consideration with the object of developing the natural resources of the island. He suggests that those looking for investment of capital might be benefited, and can get full information from him.

ORPHANS ENJOY OUTING

Small inmates of Orphanage Are Guests of Mrs. Andrew Wright at Uplands.

The children at the Protestant Orphan's Home enjoyed a jolly outing on Tuesday. At 10.30 in the morning motor-lent for the purpose by kind friends called at the Orphanage and collected the youngsters, who were driven through the pretty countryside to Mrs. Andrew Wright's home, Uplands Park. For the remainder of the day they were her guests, and as no forethought for their happiness had been spared the occasion was one of rare enjoyment for each of the youthful visitors.

The party was held on the beach, where well-laden luncheon tables were spread with all sorts of delicious edibles. When full justice had been done to the meal the real play of the day commenced, games and paddling constituting the principal pastimes. Stout rafts were provided, and these were a source of endless amusement to the children, who embarked in most instances fortified with ice cream cones and cake. Tea was also a merry meal on the beach, the children being joined by several members of the Orphanage ladies' committee who were Mrs. Andrew Wright's special guests for the day also. The generous hostess was accorded three hearty cheers before the party dispersed for the day.

A HISTORIC STRAIT.

The Bosphorus, no less than the Dardanelles is rich in classic myth and ancient deeds of valor.

The name that the Greeks gave to the strait means a passage or crossing for cattle—Ox-ford is the exact English equivalent for Bosphorus. Did they so name it because agricultural knowledge there crossed from Asia into Europe, or because the Phrygians crossed there when the oracle told them to follow a route that one of their oxen would take if driven to the water? Or was it, because the Phrygians first crossed in a vessel that had an ox for a figurehead? Or, because lo, when Zeus had transformed her into a white heifer, swam the strait to escape the tormenting gadfly? You may take your choice, for ancient writers give all these explanations. They also tell us that other straits bore the same name, notably the passage that connects the Sea of Azov with the Black sea.

The strait that now has the exclusive use of the name Bosphorus was known earlier as the Thracian Bosphorus. A modern writer has well called it "the bleeding vein of Europe." There the crimson tides of conquest have ebbed and flowed for unnumbered centuries. More than five hundred years before the birth of Christ the great Darius led his Persian hosts across the Bosphorus on a bridge of boats, for the invasion of Scythia, as a generation later, his son Xerxes, led his armies across the Hellespont.

There, like a succession of wonderful pageants, the hosts of the crusaders crossed from Europe into Asia, aflame with zeal to rescue the Holy Sepulchre from the infidels. There, for centuries, passed the priceless cargoes that in the Middle Ages gave power to Venice and Genoa.

In May, 462 years ago, over the welter and sack of the fallen city, Mohammed II, spurred his horses through the doors of St. Sophia. Since then the waters of the Bosphorus have reflected a crescent above the dome of the ancient church; it may be that the reflection is now about to give way to that of the cross that the waters knew for more than a thousand years.

The inscription on the tomb of a long-dead celebrity was much obliterated, and under the direction of an antiquary a man was employed to recut the letters. The antiquary stood looking over him, so that he should make no mistake, and, to make the time go pleasantly, he dwelt at great length to the workman upon the grandeur and merits of the deceased. The man eventually stopped his work, and, looking up at the antiquary, said: "I wish, sir, that we had known that he was such a swell before we run that there drain-pipe through him."

HOSPITAL FAREWELL

ATTENDED BY MANY

Hundreds of Friends at Delightful Entertainment Given Last Night

No. 5 General hospital, C. E. F., made delightful hosts last evening to a huge gathering of friends who went out to Macaulay Plains to attend the farewell entertainment given under the auspices of the unit. The "city of tents" was barely distinguishable in silhouette against the sky, but the space provided for the audience was illuminated with countless torches and lanterns, the stage being brightly lighted, and gay with flags, bunting and flowers. On one side of the open air auditorium was an enclosure marked off with flags, and here the 5th Regiment band was seated, and contributed much to the pleasure of the occasion by playing patriotic and martial airs.

Lieut. Col. E. C. Hart, officer commanding, presided, with him on the platform being Miss Wilson, matron of the nursing staff of the hospital unit, and other officers. Toward the middle of the evening his honor the Lieutenant-governor, accompanied by Mr. Muskett, arrived, and spoke a few farewell words on behalf of the province of British Columbia to the hospital unit which had been mobilized from within its boundaries. He felt indebted for the opportunity of participating in the farewell function, his honor said. As the hospital staff, with its sisters and men, had been mobilized altogether in British Columbia as a base hospital in Europe, all those behind would follow with interest their work for the empire, a work which he was sure would maintain the high reputation already earned by the British troops. They would not be in the firing line, but they would have duties to perform which would require splendid courage. On behalf of himself and his wife, and also speaking as Lieutenant-governor of British Columbia on behalf of the Province, he wished them a safe journey, good luck and an early return to Victoria.

A considerable amount of talent exists in the ranks of the unit, and members contributed most of the items on the programme. This was mostly of a popular character, consisting of patriotic songs and choruses in which the audience was able to join.

The entertainment was opened with an overture by the 5th Regiment band, lent for the occasion by courtesy of Major Angus, O. C. The programme afterwards was as follows:

Solo and Chorus—O Canada Mr. Petch and Nursing Sisters
Solo Lt. Col. H. M. Robertson
Song—Solo D. C. Hughes
Violin Solo Miss Howard
Song—When Irish Eyes Are Smiling Corp. J. G. Gibson
Recitation Mr. Thomas

Song Pte. W. Day
Violin Selection—Kreiser's Liebestraus Miss Margaret Tilly, accompanied by Miss Dorothy Tilly.
Song—The Perfect Day Pte. H. Morrow
Song—Are We Downhearted? and Tipperary Pte. F. C. J. Brake
Song—Kentucky Rube Mrs. Jameson
Solo and Chorus—Maple Leaf Nursing Sisters and Audience
Selection Band of 5th Regt. C. E. F.
God Save the King.

At the close of the programme three rousing cheers were given by the audience for No. 5 General Hospital, for Lt. Col. Hart, and for His Honor the Lieutenant-governor. Delicious ices and coffee were served throughout the evening at a marquee on the grounds.

A Million Corns Went Last Month

Last month, a million corns were ended in this easy, simple way. And every month a million more go like them.

To each corn was applied a little Blue-jay plaster. In every case the corn pain ended there.

Then the wax in the plaster—the B & B wax—gently freed the corn. In 48 hours nearly every corn came out, without any pain or soreness. A few stubborn corns required another plaster.

That's the story of some seventy million corns ended by this invention. It will be the story of your corns in 48 hours if you treat them in this scientific way. Your friends will testify to that.

If you don't do this, in all probability, those corns will stay for years.

ENTERTAIN OLD MEN

Ladies' Orange Benevolent Association
 Provides Programme at Old
 Men's Home.

An unusually pleasing entertainment was held at the Old Men's Home last evening, the entertainers being present under the auspices of the Ladies' Orange Benevolent association, Queen of the Island Lodge, and friends. In addition to the entertaining programme of instrumental selections, songs, dances, recitations, etc., delicious refreshments were passed round, and later the floor was cleared for dancing, this diversion being kept up until 11:30. Proceedings terminated with a hearty vote of thanks by Mr. McIntosh to the L. O. B. A., and all the artists and friends who had joined in providing the entertainment, which was as follows:
 Pianoforte solo, Miss R. Gandy; song, Mrs. Knowles; dance, Irish jig, the

UNITARIANS GIVEN

WELCOME TO VICTORIA

Big Meeting Held Last Night
 at Alexandra Hall; Distin-
 guished Visitors Speak

Alexandra club hall was well filled last evening on the occasion of the reception to visiting Unitarians who passed through the city yesterday on their way to the congress in San Francisco. About two hundred of the touring Unitarians were present beside practically the entire community of this sect in Victoria. Rev. H. E. B. Speight, pastor of the Unitarian church here, presided, and the speakers of the evening were Mrs. Anna Garlin Spender, Ph.D., professor of sociology at Meadville, Pa.; Rev. Dr. Samuel McChord Crothers and Dr. E. Boydon.

The visitors were very heartily welcomed by Ald. Bell, speaking on behalf of the city. Mrs. McComan, during the evening made vocal selections, and as the close of the proceedings an informal reception was held, during which many seized the opportunity personally to welcome the visitors.

The first of the visiting Unitarians to speak was Dr. Boydon, who defined Unitarianism as the new emphasis in religion. Unitarians had taken the good from the old ideas and had adapted religion to modern needs. Progressive the new faith stood for the prophetic and the human spirit. It was cosmic and ever-expanding.

Canada was particularly suited to the progress of Unitarianism, said Mrs. Spender, who was the most eloquent speaker. Sociology was touched upon also during her address. Both men and women had unlimited opportunities for effort in improving social conditions, the task being a giant one which would require unceasing labor. Speaking of Unitarianism she pointed out that any real reform movement would ultimately succeed in gathering followers. It was not her part nor the part of anyone else to force religion or any other teachings.

Rev. Dr. Crothers predicted in Canada within the next ten years an organic union of the churches. Canada had reached the end of its period of construction, in the material sense, and was now entering a period of national life marked by three great tendencies: social construction, political housecleaning, and religious union. By nature progressive, the Dominion would throw out much that was at present cumbersome and ineffective, and would adopt prohibition, woman suffrage, single tax, and other reforms.

The Unitarian visitors were met on their arrival here last evening by Industrial Commissioner Cuthbert, who arranged a sight-seeing programme for them to-day. The deputation, which registered at the Empress hotel, is leaving by the 4:30 boat this afternoon for Seattle, where they will have further entertainment before proceeding southwards to San Francisco.

ADVERTISE ISLAND

Highway Route Popular All Over
 Sound. Getting Special Mention
 Along Circuit.

The Georgian Circuit and the Vancouver Island section thereof are receiving wide publicity in all the sound newspapers, according to Charles L. Harris, secretary of the Victoria and Island Automobile association, who returned to-day from a visit to Port Angeles, Seattle and Tacoma. He traveled over the whole of the circuit, between those places, and says everywhere he discussed the matter, the tourists have left behind good words for the roads and the entertainment to be had on the way.

Over on the mainland he heard frequently of references returning tourists had made to the Island Highway scenery and roads. Arrangements have been made with the Seattle Times by Joseph Blithen who was here over the Island Highway this week and returned via Nanaimo and Vancouver, to send Frederick Wagner, the editor of the auto-

mobile section of the Seattle Times on a tour of Vancouver Island. Mr. Blithen had decided on this before leaving Victoria on Monday, and his intention has been confirmed by what he saw while traveling over the Malahat and beyond. Mr. Wagner is expected to arrive here early next week. He will take back with him pictures and information to make a color page for a Sunday supplement of the paper he represents.

BOUNTIFUL HARVEST
TO BRING MONEY HERE

Dr. Schaffner, M. P., Speaks
 on Crops in the Prairie
 Provinces

"We started two weeks ago from Winnipeg, and traveled to Edmonton via the Grand Trunk Pacific railway, and I can say that the promise of the crops throughout the west as we saw them then and from other information which reaches me is excellent, although there has been a little too much drought in places."

The speaker was Dr. F. L. Schaffner, M. P., who with Mrs. Schaffner arrived from Bolesvain yesterday.

"As a result of the money, which will be set free when the harvest is marketed," he continued, you will find that a very large number of men from the prairies will be able to continue their payments on investments made in the British Columbia cities, and thereby your local conditions will very much improve. Few people realize, unless they have lived many years on the prairies, what a tremendous amount of prairie capital is invested in British Columbia realty.

"Cutting is general in Manitoba, and will shortly be so in Saskatchewan and Alberta. I have heard a good deal about the Dominion government taking over the Canadian harvest, but you may be assured, I think, that there is no prospect whatever of the crop being taken over as the Australian governments have done, unless conditions after very materially. The matter has been discussed in the highest circles, without any decision being reached."

Turning to politics, Dr. Schaffner, describing the position of affairs in Manitoba, said: "It is a very regrettable condition of public affairs, for which the rank and file of the Conservative party are not responsible, as a party we are very humiliated at what has taken place. Personally I have always supported the Roblin government at every election, believing that it was an honest government, and many have done the same."

"I expect there will be another federal session beginning in January, before a dissolution takes place."

The recruiting in Manitoba has been very satisfactory, particularly for companies like the Mounted Rifles, some of whom are now training at Sewell, in that province. There is a phase of the war affecting the east which must have had a very serious effect on your tourist business in British Columbia, I am told, that Americans compose the vast majority of tourists in British Columbia to-day. The phase is that people in Eastern Canada are entirely engaged in war matters, and are not spending money on traveling. Every little community is engaged in Red Cross work, and in preparing soldiers' comforts, and as a result there will be very little movement to the west while the war continues."

Dr. and Mrs. Schaffner will stay in Victoria until Sunday.

HEAVY LOGGING.

Seventy Million Feet Scaled During
 July—Thirteen and One-Half
 Exported.

Full returns to the office of the chief forester show that for the month of July 79,900,000 feet of logs were scaled in the province, in addition to 413,000 lineal feet of piles and poles and 23,900 cords of railway ties and shingle bolts. Of this nearly 13,500,000 feet of logs were exported, the remainder entering mills in the province. Over 62,000,000 feet, including practically all of the lumber for export, were scaled in the Vancouver district. Cranbrook came next with a total scale of 8,500,000. Sales of standing timber made by the department during the month are estimated at 5,500,000 feet of logs with an estimated value of \$9,340. The heaviest single purchase was made by C. W. Gower of Simon sound who bought 300,000 feet of cedar and 800,000 feet of spruce at \$1 per thousand feet stumpage and over 1,000,000 feet of hemlock and balsam at 25 cents stumpage. All of the timber is subject to an additional royalty of 75 cents per thousand feet. Henry Dahl, of Vancouver, purchased about 1,200,000 feet of cedar, fir and lumber at \$1.75 cents and 25 cents respectively, the sale yielding the province \$2,000.

The young millionaire was motoring in Cornwall. Owing to a breakdown he had to get out and tramp to the nearest town, where assistance could be procured. On his way he was overtaken by a friendly carter, who offered him a lift. As the young man sat chatting to his rescuer, he drew out a magnificent gold case with diamond monogram, and offered the carter a cigarette. The countryman's eyes opened wide with astonishment. "Lordy!" he exclaimed: "What kind of fags do they give them away with?"

When practicing as a barrister, Mr. Asquith once defended Mr. John Burns at the Old Bailey.
